**On Dialogue** David Bohm, 2013-05-13 Never before has there been a greater need for deeper listening and more open communication to cope with the complex problems facing our organizations businesses and societies Renowned scientist David Bohm believed there was a better way for humanity to discover meaning and to achieve harmony He identified creative dialogue a sharing of assumptions and understanding as a means by which the individual and society as a whole can learn more about themselves and others and achieve a renewed sense of purpose *The Challenge of Dialogue* Jens Peter Brune, Horst Gronke, Dieter Krohn, 2010 The twelfth volume of the Series on Socratic Philosophizing reflects the international discussion on Socratic philosophizing within a global perspective This volume throws light on the challenges Socratic Dialogue and other forms of dialogue face in different political systems and cultures The following sub topics are discussed the development of the theory and the practice of Socratic Dialogue examples of dialogues practised in different political systems and the role of dialogue in mutual understanding within and between different cultures and in the political and economic sectors Dialogue as a Means of Collective Communication Bela H. Banathy, Patrick M. Jenlink, 2006-02-28 Dialogue as a Means of Collective Communication offers a cross disciplinary approach to examining dialogue as a communicative medium Presented in five parts the book takes the reader on a journey of exploring the power and potential of dialogue as a means for communication In particular this volume comes at a time when the global society s attention has been directed to creating more productive conversations in the name of world peace and harmony It provides a unique new work on dialogue that brings the reader into a dialogue with dialogue offering an opportunity to understand the communicative potential of dialogue In the book readers are introduced to five sections Section I examines the historical and cultural perspectives of conversation This examination helps to create a foundation for a deeper study of the emergent and salient aspects of conversation as it relates to cultural creativity and human systems design Sections II offers the reader an examination of dialogue through different philosophical and theoretical perspectives as well as methodological ideas related to conversation Section III explores different modalities of conversation and the application of design conversation within and across various types of design settings and human experiences Section IV examines the field of practice as related to use of different forms of conversation Here various authors will share their different approaches to conversation and their reflections and insights in using conversation in a variety of settings Concluding the book Section V reflectively examines the authors contributions to the book and provides the reader with a focus on the future **Unfolding Meaning** David Bohm, 1987 **The Co-creative Meeting** Christoph Mandl, Markus Hauser, Hanna Mandl, 2012-12-14 Co creative meetings foster invention and innovation and therefore enable innovative developmental processes in an organizational and inter organizational context including strategy development product development human resource development R D and trans organizational projects This book illustrates the difference between productive and innovative organizations and what that

*Jesus and the Stigmatized* Elia Shabani Mligo,2011-08-01 Biblical scholars often read the Bible with their own interpretive interests in mind without associating the Bible with the concerns of laypeople This largely undermines the contributions laypeople can offer from reading the Bible in their own contexts and from their own life experiences Moreover such exclusively scholarly reading conceals the role of biblical texts in dealing with current social problems such as HIV AIDS related stigmatization Hence the lack of lay participation in the process of Bible reading makes the Bible less visible in various common life situations In this volume Elia Shabani Mligo draws on his fieldwork among people living with HIV AIDS PLWHA in Tanzania selects stigmatization as his perspective and chooses participant centered contextual Bible study as his method to argue that the reading of texts from the Gospel of John by PLWHA given their lived experiences of stigmatization empowers them to reject stigmatization as unjust Mligo s study shows that Christian PLWHA reject stigmatization because it does not comply with the attitude of Jesus toward stigmatized groups in his own time The theology emerging from the readings by stigmatized PLWHA through their evaluation of Jesus attitudes and acts toward stigmatized people in the texts challenges churches in their obligatory mission as disciples of Jesus Churches are challenged to reconsider healing hospitality and caring prophetic voices against stigmatization and the way they teach about HIV and AIDS in relation to sexuality Churches must revisit their practices toward stigmatized groups and listen to their voices Mligo argues that participant centered Bible study methods similar to the one used in this book whereby stigmatized people are the primary interlocutors in the process can be useful tools in listening to the voices of stigmatized groups
