Satantango Laszlo Krasznahorkai:

Satantango László Krasznahorkai, 2012-03-05 From the winner of the 2015 Man Booker International Prize At long last twenty five years after the Hungarian genius L szl Krasznahorkai burst onto the scene with his first novel Satantango dances into English in a beautiful translation by George Szirtes Already famous as the inspiration for the filmmaker B la Tarr s six hour masterpiece Satantango is proof as the spellbinding bleak and hauntingly beautiful book has it that the devil has all the good times The story of Satantango spread over a couple of days of endless rain focuses on the dozen remaining inhabitants of an unnamed isolated hamlet failures stuck in the middle of nowhere Schemes crimes infidelities hopes of escape and above all trust and its constant betrayal are Krasznahorkai s meat At the center of Satantango George Szirtes has said is the eponymous drunken dance referred to here sometimes as a tango and sometimes as a csardas It takes place at the local inn where everyone is drunk Their world is rough and ready lost somewhere between the comic and tragic in one small insignificant corner of the cosmos Theirs is the dance of death You know Mrs Schmidt a pivotal character tipsily confides dance is my one weakness *Satantango* Laszlo Krasznahorkai, 2020-11-05 WINNER OF THE NOBEL PRIZE IN

LITERATURE 2025 In the darkening embers of a Communist utopia life in a desolate Hungarian town has come to a virtual standstill Flies buzz spiders weave water drips and animals root desultorily in the barnyard of a collective farm But when the charismatic Irimias long thought dead returns the villagers fall under his spell Irimias sets about swindling the villagers out of a fortune that might allow them to escape the emptiness and futility of their existence He soon attains a messianic aura as he plays on the fears of the townsfolk and a series of increasingly brutal events unfold Translated by George Szirtes and Otilie Mulzet **Worlds of Hungarian Writing** András Kiséry, Zsolt Komáromy, Zsuzsanna Varga, 2016-05-12 Worlds of Hungarian Writing responds to the rapidly growing interest in Hungarian authors throughout the English speaking world Addressing an international audience the essays in the collection highlight the intercultural contexts that have molded the conventions genres and institutions of Hungarian writing from the nineteenth century to the present They are mapping some of the ways in which a modern literature is produced by encounters with languages cultures and media external to its traditionally conceived boundaries But rather than viewing intercultural exchange as an external force the collection recognizes its enabling importance to the globalizing reception and circulation of Hungarian writing over the continuities and constraints implied by more traditional national narratives Worlds of Hungarian Writing posits intercultural exchange as the very substance of a literary culture Discussions of the politics of appropriation and translation of the impact of migr writers and critics and of the use of world literary models in genre formation complement studies of the fate of western leftist critical theory in post 1989 Hungary of the role of African American models in contemporary Roma culture and of the use of photography in late 20th century prose The volume spans a wide generic range from the achievements of such canonical 19th century critics and poets as J zsef Bajza and J nos Arany to neglected women authors translators such as Theresa Pulszky to

modernist writers and critics like Antal Szerb and György Lukács and to the contemporary novelists Péter Esterházy Péter Nadas and László Krasznahorkai Each essay is an original contribution to comparative literature and to the study of this Central European literature but is intended to be accessible to readers unfamiliar with its traditions Postsocialist Mobilities Hajnal Király, Zsolt Győri, 2021-04-27 This volume examines the various forms of mobility in the cinema of the Visegrad countries and Romania bringing together the cross disciplinary research of mostly native scholars Divided into four thematic sections it expands the reader's understanding of the political transition and the social changes it triggered the transforming perceptions of gender roles and especially masculinity The spaces of in betweenness and contact zones whether geographical interethnic or communicative in mobility and transmedial encounters of Eastern European subjectivity are recurring figures of both cinematic representations and their theoretical analyses In depth and transcultural in their nature the investigations gathered in this volume are informed by political social and cultural history genre gender and spatial theory cultural studies sociology and political science and of equal importance the rich personal experience of the authors who witnessed many of the discussed phenomena in close up **Private Anarchy** Paul Buchholz, 2018-03-15 European social theorists of the late nineteenth and early twentieth centuries tended to define modernity as a condition of heightened alienation in which traditional community is replaced by a regime of self interested individualism and collective isolation In Private Anarchy Paul Buchholz develops an alternative intellectual history of the nineteenth and twentieth centuries showing how a strain of German language literature worked against this common conception of modernity Buchholz suggests that in their experimental prose Gustav Landauer Franz Kafka Thomas Bernhard and Wolfgang Hilbig each considered how the void of mass society could be the precondition for a new anarchic form of community that would rest not on any assumptions of shared origins or organic unity but on an experience of extreme emptiness that blurs the boundaries of the self and enables intimacy between total strangers This community Buchholz argues is created through the verbal form most closely associated with alienation and isolation the monologue By showing how these authors engaged with the idea of community and by relating these contributions to an extended intellectual genealogy of nihilism Private Anarchy illustrates the distinct philosophical and sociopolitical stakes of German experimental writing in the twentieth century *Satantango* László Krasznahorkai, Anamaria Pop, 2012 **Satantango** László Krasznahorkai, 2016-12-01 Il comunismo ormai al tramonto e nella fangosa campagna ungherese quel che resta di una comunità di individui abbruttiti vive una vita senza speranza in una cooperativa agricola ormai in sfacelo Tutti vogliono andarsene e sperano in un futuro migliore grazie al denaro che riceveranno dalla chiusura della loro fattoria collettiva Quando all'improvviso si diffonde la notizia che il carismatico Irimiš sparito due anni prima è dato ormai da tutti per morto stato visto sulla strada che porta al villaggio e sta per tornare pare un miracolo l'inizio dell'attesa dell'avvento incombente di qualcosa che li può liberare ma che avrà pesanti conseguenze sulle loro vite disperate Si troveranno infatti a far fronte non solo alle astuzie di Irimiš ma anche ai conflitti che li dividono Questo
