Us the Universe Svein Harald Haukanes,2016-07-12 Who are we Why are we born into this life just to die and disappear again Where do we come from and where do we go Every day the earth's population is growing at an exponential rate If we have souls and are not just pails of meat where do all the new souls come from All these questions and more have been tumbling around in my head since I was young My whole life I have been searching with an open mind for answers The last few years I have found many that I will try to share with you There are about seven billion of us here on earth Most of us believe in some kind of religion and these religions tell us Do what we tell you and don't start thinking for yourself Even though these religions try to control us I think there are some good things and some truth in them as well Its just that they have become such man made products People with the need for power are attracted to religions as well as politics business and financial power systems All these things have built up a trust and believe system where we are deactivated as thinkers so we have stopped doing the necessary

thinking and reflection ourselves In this book we are going to open up our minds and start asking questions We are going to take in a lot of obvious ideas and analyze them Not so long ago we were thinking that the earth was flat that the sun circled around the earth and that the earth was the centre of the universe All this was very true at that time but not anymore In this book we are going to see what else we have to reconsider The time is here [The Making of the New Spirituality](#) James A. Herrick,2003 James A Herrick offers an intellectual history of the New Religious Synthesis examining the challenges it poses to Judeo Christian tradition demonstrating its sources and manifestations in contemporary culture and questioning its acceptance in church and society *Lifting the Veil on the Lost Continent of Mu, the Motherland of Men* Jack Churchward,2011-08-01 A re issue of the 1926 classic by James Churchward The Lost Continent of Mu Motherland of Men supplemented with fresh research and new material by the author s great grandson In the 1920s James Churchward wrote a series of groundbreaking books about the lost continent of Lemuria which he called the land of Mu The basic premises are these The Garden of Eden was not in Asia but on a sunken continent in the Pacific Ocean The Biblical story of creation came not from the peoples of the Nile but from this now submerged continent of Mu the Motherland of Men Mu was an advanced civilization of 64 million inhabitants He obtained the information by living with monks and translating unknown manuscripts Over the years his books have come to be considered occult classics Now his great grandson Jack Churchward has resurrected this valuable work and added his own research Included The Lost Continent The Land of Man s Advent on Earth Egyptian Sacred Volume Book of the Dead Symbols of Mu North American s Place Among the Ancient Civilizations The Geological History of Mu Ancient Religious Conceptions Ancient Sacred Mysteries Rites and Ceremonies **2012** Daniel Pinchbeck,2007 Draws on cosmological phenomena of the modern world as well as the author s own research into shamanic and metaphysical belief systems to support the Mayan theory about an unprecedented global shift predicted for the year 2012 **The 2012 Collection** Daniel Pinchbeck,2012-02-21 Now in the years beyond 2012 discover the true meaning behind the hype that captivated the world It should be no surprise to us now but the pomp surrounding the coming of the year 2012 that grasped the human race s attention in those preceding years was not at all about the end of the world Instead much to the contrary Daniel Pinchbeck believes that the passing of the year 2012 marked the beginning of a global shift in consciousness where the human race would begin to see the world and existence on this planet through a different lens embracing fresh ideas about who we are and what it means to be human Discover the true wisdom behind the 2012 phenomenon with these two captivating works by one of the leading minds in the movement both in one place for the first time and at one low price 2012 The Return of Quetzalcoatl Cross James Merrill H P Lovecraft and Carlos Castaneda each imbued with a twenty first century aptitude for quantum theory and existential psychology and you get the voice of Daniel Pinchbeck And yet nothing quite prepares us for the lucidity rationale and informed audacity of this seeker skeptic and cartographer of hidden realms Throughout the 1990s Pinchbeck had been a member of New York s literary select He wrote

for publications such as The New York Times Magazine Esquire and Harper s Bazaar His first book Breaking Open the Head was heralded as the most significant on psychedelic experimentation since the work of Terence McKenna But slowly something happened Rather than writing from a journalistic remove Pinchbeck his literary powers at their peak began to participate in the shamanic and metaphysical belief systems he was encountering As his psyche and body opened to new experience disparate threads and occurrences made sense like never before Humanity every sign pointed is precariously balanced between greater self potential and environmental disaster The Mayan calendar s end date of 2012 seems to define our present age It heralds the end of one way of existence and the return of another in which the serpent god Quetzalcoatl reigns anew bringing with him an unimaginably ancient yet to us wholly new way of living A result not just of study but also of participation 2012 tells the tale of a single man in whose trials we ultimately recognize our own hopes and anxieties about modern life Toward 2012 Perspectives on the Next Age An informed challenging and engaging collection of essays on the new choices in lifestyles and community as we begin the countdown toward the year 2012 This fresh and thought provoking anthology draws together some of today s most celebrated visionaries thinkers and pioneers in the field of evolving consciousness exploring topics from shamanism to urban homesteading the legacy of Carlos Castaneda to Mayan predictions for the year 2012 and new paths in direct political action and human sexuality Toward 2012 highlights some of the most challenging intelligent pieces published on the acclaimed website Reality Sandwich It is coedited by Daniel Pinchbeck the preeminent voice on 2012 and online pioneer Ken Jordan and features original works from Stanislav Grof John Major Jenkins and Paul D Miller DJ Spooky interviews with Abbie Hoffman and artist Alex Grey and a new introduction by Pinchbeck Here are ideas that trace the arc of our evolution in consciousness lifestyles and communities as we draw closer to a moment in time that portends ways of living that are different from anything we have expected or experienced [Book Review Index](#) ,2003 Every 3rd issue is a quarterly cumulation [Conversations with Nostradamus Trilogy](#) Dolores Cannon,1992-01-01 Through a million to one chance contact through hypnosis Nostradamus has broken through to our time period to reveal the events he foresaw rushing toward humankind The master himself explains the puzzles he carefully concealed in code within his famous quatrains or prophecies By speaking from his time to our time he warns us so we can use our free will to help change the future These three volumes contain the quatrains that pertained to our present and future Their accuracy has been astonishing They have been coming true at an alarming rate There was an addendum added to volume one showing some of these **THE CUSTODIANS (Danish Edition)** Dolores Cannon,2025-11-17 ALT DER TIDLIGERE VAR KENDT OM BORDF RINGER OG OBSERVATIONER VAR BLOT TOPPEN AF ISBJERGET Anset af mange som den f rste bog i hendes ber mte serie The Convuluted Universe tager Dolores Cannons arbejde med hypnotisk regression studiet langt ud over blot bortf relser F nomener fra det enkle til det komplekse forklares i stor detalje Ved at udforske omr der som andre forskere ikke har ber rt g r hun det utrolige forst eligt og acceptabelt Denne omfattende samling af sager der str kker sig over tolv r d kker
