

# Chapter 8

## **An Introduction to Metabolism**

### ***Lecture Outline***

#### **Overview: The Energy of Life**

#### **Concept 8.1 An organism's metabolism transforms matter and energy, subject to the laws of thermodynamics.**

- The totality of an organism's chemical reactions is called **metabolism**.
- Metabolism is an emergent property of life that arises from interactions between molecules within the orderly environment of the cell.

#### ***The chemistry of life is organized into metabolic pathways.***

- A **metabolic pathway** begins with a specific molecule, which is then altered in a series of defined steps to form a specific product.
- A specific enzyme catalyzes each step of the pathway.
- **Catabolic pathways** release energy by breaking down complex molecules to simpler compounds.
  - A major pathway of catabolism is cellular respiration, in which the sugar glucose is broken down in the presence of oxygen to carbon dioxide and water.
  - The energy released by catabolic pathways becomes available to do the work of the cell, such as ciliary beating or membrane transport.
- **Anabolic pathways**, also called biosynthetic pathways, consume energy to build complicated molecules from simpler compounds.
  - The synthesis of protein from amino acids is an example of anabolism.
- Energy released from the downhill reactions of catabolic pathways can be stored and then used to drive the uphill reactions of anabolic pathways.
- Energy is fundamental to all metabolic processes, and therefore an understanding of energy is key to understanding how the living cell works.
- **Bioenergetics** is the study of how energy flows through living organisms.

#### ***Organisms transform energy.***

- **Energy** is the capacity to cause change.
  - In everyday life, some forms of energy can be used to do work—that is, to move matter against opposing forces, such as gravity and friction.

# Chapter 8 Ap Bio Theflightore

**Tobias Bleicker**

## **Chapter 8 Ap Bio Theflightore:**

Immerse yourself in heartwarming tales of love and emotion with Explore Love with its touching creation, Experience Love's Journey in **Chapter 8 Ap Bio Theflightore** .
