Every Valley Albert L. Blackwell, Handel, 2014-09-16 Handel's Messiah is one of the most beloved musical works of the western world playing an especially sentimental role in many people's Christmas traditions The libretto of the work taken directly from the King James text of fourteen books of the Bible has turned many otherwise forgettable phrases into memorable singable cherished lines of Scripture This gift worthy book will delight and inspire classical music fans and those for whom Messiah is a beloved Christmas tradition with essays exploring the theological historical and pastoral implications of the Scriptures that make up Handel's Messiah Forty reflections journey in order through the oratorio taking the reader deeper into less often studied texts like Malachi 3:3 and bringing new light to oft recited passages like Luke 2:9-14 Each reflection offers the libretto from Messiah the same passage in NRSV and a brief commentary on the text written by a respected scholar or pastor Readers can peruse the book at leisure or examine one reflection per day throughout the Advent and Christmas seasons

Messiah George Frideric Handel, Watkins Shaw, 2003-12 There is good evidence that at Covent Garden Theatre in his mature years Handel directed his oratorio performances from a keyboard which controlled both a harpsichord and an organ as desired The present realisation has this in mind allotting choruses to the organ and most though not quite all of the arias to the harpsichord Nevertheless the harpsichord part has been deliberately conceived without strong idiomatic characteristics and where necessary it might be played crisply and cleanly without sustaining pedal on a piano Without too much adaptation which any discreet player will know how to make it could alternatively be played on the organ But unless a small continuo organ is available placed close to the orchestra and soloists a piano failing a harpsichord would be better for the solos than an organ situated at a distance

T p verso **Handel** Donald Burrows, 1991-06-24 This new guide

to Handel's most celebrated work traces the course of *Messiah* from Handel's initial musical response to the libretto through the oratorio's turbulent first years to its eventual popularity with the Foundling Hospital performances. Different chapters consider the varying reception the work received in Dublin and London, the uneasy relationship between the composer and his librettist Charles Jennens, and the many changes *Messiah* underwent through the varying needs and capacities of Handel's performers. As well as tracing the history of the work's development, the book addresses musical and technical issues such as *Messiah*'s place in the oratorio genre, Handel's treatment of structural design, tonal relationships, and English word setting. An edited libretto elucidates the variants between the text that Handel set and the texts of the early printed word books. Donald Burrows brings many new insights to this fascinating account of one of the favourite works of the concert hall.

Handel's Messiah Gregory S. Athnos, 2023-04-06 We think we know Handel's *Messiah*, having heard it or performed it so many times. But is there another way to look at this masterpiece? Who assembled the texts? Why? How did Handel incorporate his own spiritual understanding of the texts? In this treatise we view the composition from the same Baroque aesthetic perspective the composer used: the Doctrine of Affections, an approach heretofore unexplored in relationship to Handel's *Messiah*, which held that every major and minor key prompted a particular, very specific and involuntary emotional and spiritual response in the listener. When facing a choice between following the accepted rules of musical composition or using the Affect best suited to the scriptural text, Handel almost exclusively chose the Affect; in other words, he chose spiritual insight over compositional tradition. Overlaying the various Affects on each movement of Handel's composition, we discover the true heart and spiritual depth of the composer's magnum opus. **George Frideric Handel - Messiah - HWV56 - A Score for Solo Piano** George Frideric Handel, 2016-05-20 This book contains one of George Handel's most famous compositions, *Messiah* HWV56, a solo piano oratorio written in 1741. George Frideric Handel (1685-1759) was a German baroque composer. He spent most of his career in London and became famous for his oratorios, operas, anthems, and organ compositions. Handel was born in the same year as Johann Sebastian Bach and Domenico Scarlatti, and he is commonly hailed as one of the most important composers of the Baroque era. His most notable works include *Water Music*, *Music for the Royal Fireworks*, and *Messiah*. Featuring large, clear note heads and wide margins, this edition is perfect for studying and following the music. Classic Music Collection constitutes an extensive library of the most well-known and universally enjoyed works of classical music ever composed, reproduced from authoritative editions for the enjoyment of musicians and music students the world over. *A Textual and Historical Companion to Handel's Messiah* Watkins Shaw, 1965 This book provides an ample background of textual and historical information to Handel's *Messiah*. Though it arises from the author's work involved in his own edition in vocal and full score (Novello), its relevance is by no means confined to that edition. A survey of Handel's singers and of manuscript sources of the work provides the basis for an investigation into the alternations and development to which the work was subject after its original conception. The alternative versions of numerous movements are also reviewed and

thus a certain amount of light is shed on the form assumed by the earliest printed copies After an important discussion of textual authority and a commentary on the readings of individual movements the author concludes with a statement of editorial aims and practices Back cover
