It provides the atmosphere of an exciting, real-life business environment for business communication without sacrificing sound pedagogy. This means that students experience the enrichment of real people and real business situations while at the same time learning a hands-on process that they can carry with them to apply long after they leave the classroom. *Business Communication Process and Product* takes students inside some of the country's best-run and most-respected organizations such as Liz Claiborne, Ben & Jerry's, American Airlines, Bank of America, and Walt Disney Imagineering. More importantly, though, it balances this exposure with a well-developed and consistently applied process approach to communication. Students need more than real business settings in which to frame their learning. They need a process that outlines specific steps to follow in solving future communication problems—a tangible strategy they can apply in their careers. In addition to a process, we provide ample products of that process. *Children's Oral Communication Skills* W. Patrick Dickson, 1981 **The**
