

## European Code of Practice for Food Additives and Premixtures Operations

### 2 - Introduction

The European Code of Practice for Food Additives and Premixtures Operations (CEP) is in line with the Regulation of the European Parliament and the Council laying down requirements for food hygiene, (EC/1831/2003), in particular articles 20 to 22 which encourage the development of codes of good practice on hygiene and the application of HACCP systems.

Implementation of the Code aims to encourage operators to be put in place to ensure the safety and quality of food additives and premixtures; the operation of businesses in accordance with European food hygiene requirements, and approved procedures. The Code applies equally to users from third countries of food additives and premixtures.

In order to align the Code with current national food legislation and current activities on national, industrial and/or academic levels, it refers and covers the principles of food and food safety as well as HACCP principles that are set out in various international documents further down and EC legislation, in particular:
