100 Questions (and Answers) About Survey Research Erin Ruel, 2018-10-19 Erin Ruel's 100 Questions and Answers About Survey Research covers the entire survey research process starting with developing research questions and ending with the analysis and write up. It includes the traditional survey topics of design, sampling, question writing, and validity. It includes a chapter on research ethics, covers the important topics of preparing, cleaning, and analyzing data, and ends with a section on how to write up survey results for a variety of purposes. Useful as a supplementary text in the classroom or as a reference guide for anyone starting a new survey project, the guidance is presented in a FAQ style to allow readers to jump around the book so as to accommodate the nonlinear and iterative nature of research.
