**Readers' Guide to Periodical Literature** ,1927 *Preaching Jesus* Eunjoo Mary Kim,2024-05-29 How can postcolonial approaches make a difference in preaching Jesus The many postcolonial approaches used in this book will help preachers reinterpret the stories metaphors and characters in the Bible and create new images of Jesus rooted in his historical identity as a colonized person Preaching Jesus with new images that are totally different from the traditional colonial ones not only challenges listeners to reconsider their individual and communal identities as followers of Jesus but also provides them with theological and ethical guidance for living out those identities in daily life Ultimately preaching Jesus through postcolonial approaches is a prophetic ministry that awakens listeners and their communities to seek reconciliation between colonized and colonizers and suggests a common ground of faith and hope for the life enhancing future of all people living in the twenty first century The five chapters of this book employ diverse postcolonial hermeneutical and homiletical methods across a broad disciplinary spectrum This range includes intersectional and interdisciplinary studies with historical literary and cultural approaches in dialogue with phenomenological philosophy a postcolonial practical theological method postcolonial feminist interpretation postcolonial biblical hermeneutics and postcolonial intertextuality All these approaches invite the colonized and their descendants to be conversation partners and reflect their lived experiences in the reimagining the identity of Jesus Moreover the theological and homiletical insights gained through such postcolonial approaches will help

preachers invite their listeners into a partnership with the triune God in order to participate in God's reconciling work. The postcolonial approaches used in this book contest the dominance of traditional assumptions and practices of preaching Jesus and propose a new homiletical paradigm that makes it possible for Christian preaching to contribute to the transformation of our present world into a life lived together in justice and peace with the new images of Jesus as postcolonial self, postcolonial song, postcolonial child, postcolonial body, and postcolonial friend.

**Chaucer as Children's Literature** Velma Bourgeois Richmond, 2004-04-13. Although Geoffrey Chaucer is the major author for Middle English studies, he often receives little notice in studies of children's literature. However, there is a fascinating relationship between Chaucer and children's interests. This book examines in detail Chaucer stories retold for children, both the texts and the illustrations, which are excellent examples of the verbal and visual storytelling that are very important in children's literature. The popularity of certain Chaucer stories, their adjustment for children, and the historical, political, educational, and social contexts of the retellings reveal Victorian and Edwardian attitudes. The author also considers how retellings of Chaucer stories contributed to the traditional view of Chaucer as the Father of English and how this view of him was developed at the turn of the twentieth century as part of an expansion of general education and English studies.
