| Total Current Liabilities | <u>8,100,000</u> |

3. Problem 1-5

1. The 9% note payable (3,000,000) is to be reported as a current liability since it would mature on the upcoming year and will not be refinanced with long-term obligations.
2. The 6% note payable (6,000,000) is to be treated as a current liability since the need to reclassify already maturing debt as a current liability applies to debt that the creditor will be able to call in the coming year, even if it is not likely to be called.
3. The 10% note payable (4,000,000) is to be treated as a noncurrent liability because in a current liability classification, it includes situations where a creditor has the authority to demand payment due to a current violation of a
