

## Chapter 7 Assignment (20 points)

**Process:** First read the chapters, take your reading quiz, watch the videos, then complete this assignment.

**How to use this word document:** Please type your response in the specified location for each question. Use appropriate punctuation, grammar, and spelling. Save to your computer or work in google drive (recommended, auto back up). Upload and submit as a word document to Canvas by the due date/time. Please do not use pages (MAC users).

Don't forget to make a post and reply to a post on the discussion board by the due date/time.

**Grading:** Your work will be graded first by your TA. For each question, you either got it all (full credit), got most but not all (half credit) or got it mostly wrong/left blank (no credit). Your TA will provide general feedback on Canvas. The graduate assistant and I will then grade 30% of all student work in order to check for reliability across graders. Disputes will be resolved through discussion among graders. Once grades are released, you have two business days to email your TA and me with any concerns related to your grade. We are always happy to re-evaluate if you feel you were graded unfairly, and will explain our rationale for the grade you receive. Sometimes we will change our minds about the grade, other times we will maintain the grade. Please recognize that we do our very best, and we work very hard to grade all students fairly. We trust that you will treat us with respect when inquiring about grades.

**(20 pts) Chapter 7 Videos: Use the videos to answer the questions. Read the associated chapters first.**

1. (2 pts) Using the video of Rayna's language sample, explain each term below
  - a. Overregularization: This is when children translate past tense by using normal speech, for example drank instead of drunk. Rayna showed overregularization when she said, "I just spit on you" instead of saying something like "I just spat on you".
  - b. Social and private speech: Social speech is the type of speech used to converse with others. Private speech is considered talking to yourself or whispering to yourself. Rayna used social speech to communicate to their mom that she spat on her. Private speech was used when Rayna tried to talk to herself after explaining what the word ridiculous means and stated quietly to herself "super funny".
  - c. Metalinguistic awareness: This is when one understands how they use language. Usually, this understanding of one's own language develops around age 5 or 6. Rayna displayed this when she got out of her head and tried to explain what ridiculous meant. She was trying to process and understand what she was saying.
  
2. (2 pts) Thoughts shape language, and language shapes thought. Explain the one example from the Ted Talk (Boroditsky) video you thought was most interesting about how language shapes thought. How many languages, approximately, do we know exist in the world today?
  - a. Example 1: I found it very interesting that depending on the way you were raised your mind can think differently. I had always thought that people who speak different languages were all thinking of the same things just as the word we each not the items by. I had never considered that someone who wasn't raised to read from left to right
