Compensation and Reward Management Biswanath Ghosh,2012-12-01 This is a comprehensive textbook on compensation and reward management In a competitive environment the most important task is to attract and retain the right resource It is therefore necessary to design an attractive compensation package otherwise the growth of the organisation will be adversely affected This new area has emerged as a separate discipline Earlier salary administration was a part of Human Resource Management The book deals with concepts tools techniques and designs of salary administration The text is written in accordance with the UGC syllabus for MBA students of our universities The text is divided into 24 chapters each chapter discusses a specific problem in the light of modern developments **A Reprint of the Printed Judgments of the Court of the Judicial Commissioner, Lower Burma, and the Special Court for the Period Extending from 1893-1900** Burma, Lower. Court of the Judicial Commissioner,1905 Setting Performance Targets Carolyn Stringer,2012-01-13 Targets are an important part of our work life whether we are setting them or meeting them There is a science to target setting Unfortunately the behavioral impact of target setting on performance is underestimated This can lead to serious consequences such as game playing overcharging customers or demotivating competent managers This book will help you fill the gap in target setting for performance The pivotal issue in target setting is that it is an art as well as a science Perhaps more of an art requiring a balance between the psychologies of the people taking initiatives the science of estimating probabilities and aligning with strategies coupled with the motivational effects of incentives You will also be introduced to some of the important methods in target setting such as forecasting sensitivity analysis and probability analysis all of which include practical examples to show how these techniques can be directly applied In the end you ll learn how interrelated the various parts of organizational activities are and how they impact on each other which is important since target setting must include an understanding of the organizational context e g people competitive environment structure strategy as well as the impact of incentive compensation and information flows Manufacturing Processes Reprints ,1991
