

# Modeling Protein Synthesis

This activity will help you meet this educational goal:

You will model the steps after protein synthesis and answer the questions based on the model.

## Directions

Read the instructions for this self-checked activity. Type in your response to each question, and check your answers. At the end of the activity, write a brief evaluation of your work.

## Activity

DNA molecules are transcribed to form mRNAs which are then translated to form proteins. In this activity, you'll draw a diagram of the processes that occur after translation of protein and analyze the model you made.

### Part A

#### Question

In science, models can show a process that's difficult to observe directly. Using the style of the model shown, draw the process that describes the rest of the steps in protein synthesis.
