Approved By : Divine Simmons

Purpose

To ensure that the electrical engineers and technicians will adhere to all the procedures for electrical safety while working in the laboratory or field.

Scope

This procedure shall be applied to all the electrical engineers and technicians of the company.

Definition

Live Circuit: it is when the power source is turned on and the circuit will have an active current passing through it.

Fuse: is an electrical safety device that protects the wiring and the appliance in case there will be a fault found in the appliance.

Responsibility

Head Electrical Engineer

Responsible for creating safety guidelines and ensuring that the electrical engineers and technicians are following the safety guidelines outlined in this document.
