Suggested time—40 minutes

(This question counts as one-third of the total essay section score.)

Michelle Obama was the First Lady of the United States during the presidential administration of her husband, Barack Obama (2009–2017). During that administration, she led programs including the Reach Higher Initiative, which encourages students to continue their education after high school. One way it does so is by supporting high school counselors’ efforts to get students into college. On January 6, 2017, Obama gave her final speech as First Lady at an event honoring outstanding school counselors. The following passage is an excerpt from that speech. Read the passage carefully. Write an essay that analyzes the rhetorical choices Obama makes to convey her message about her expectations and hope for young people in the United States.

In your response you should do the following:

- Respond to the prompt with a thesis that analyzes the writer’s rhetorical choices.
- Select and use evidence to support your line of reasoning.
- Explain how the evidence supports your line of reasoning.
- Demonstrate an understanding of the rhetorical situation.
- Use appropriate grammar and punctuation in communicating your argument.

[A]s I end my time in the White House, I can think of no better message to send our young people in my last official remarks as First Lady. So, for all the young people in this room and those who are watching, know that this country belongs to you—to all of you, from every background and walk of life. If you or your parents are immigrants, know that you are part of a proud American tradition—the infusion of new cultures, talents and ideas, generation after generation, that has made us the greatest country on earth.

If your family doesn’t have much money, I want you to remember that in this country, plenty of folks, including me and my husband—we started out with very little. But with a lot of hard work and a good education, anything is possible—even becoming President. That’s what the American Dream is all about.

If you are a person of faith, know that religious diversity is a great American tradition, too. In fact, that’s why people first came to this country—to worship freely. And whether you are Muslim, Christian, Jewish, Hindu, Sikh—these religions are teaching our young people about justice, and compassion, and honesty. So I want our young people to continue to learn and practice those values with pride. You see, our glorious diversity—our diversities

of faiths and colors and creeds—that is not a threat to who we are, it makes us who we are. So the young people here and the young people out there: Do not ever let anyone make you feel like you don’t matter, or like you don’t have a place in our American story—because you do. And you have a right to be exactly who you are.

But I also want to be very clear: This right isn’t just handed to you. No, this right has to be earned every single day. You cannot take your freedoms for granted. Just like generations who have come before you, you have to do your part to preserve and protect those freedoms. And that starts right now, when you’re young.

Right now, you need to be preparing yourself to add your voice to our national conversation. You need to prepare yourself to be informed and engaged as a citizen, to serve and to lead, to stand up for our proud American values and to honor them in your daily lives. And that means getting the best education possible so you can think critically, so you can express yourself clearly, so you can get a good job and support yourself and your family, so you can be a positive force in your communities.

And when you encounter obstacles—because I guarantee you, you will, and many of you already have—when you are struggling and you start thinking

[In the Best Interest of Students](#) Kelly Gallagher, 2015

What is in the best interest of our students? Is it teaching to the newest standards movement like the Common Core Teaching that prepares students to take a test? Or is it something more meaningful and authentic? In his new book *In the Best Interest of Students*, Kelly Gallagher notes that there are real strengths in the Common Core standards and there are significant weaknesses as well. He takes the long view, reminding us that standards come and go, but what remains constant is the need to stay true to what we know works in the teaching of reading, writing, speaking, and listening. Instead of blindly adhering to the latest standards movement, Kelly advocates dialing up the amount of reading and writing students are doing. Balancing rigorous, high-quality literature and non-fiction with high-interest student-selected titles. Giving students much more choice when it comes to reading and writing activities. Encouraging readers to deepen their comprehension by moving beyond the four corners of the text. Using modeling to enrich students' writing skills in the prewriting, drafting, and revision stages. Helping young writers to achieve more authenticity through the blending of genres. Resisting the de-emphasis of narrative and imaginative reading and writing. Providing students with more opportunities to sharpen their listening and speaking skills. Planning lessons that move beyond Common Core expectations. In this provocative and insightful new book, Kelly surveys the teaching landscape since the publication of his highly regarded book *Readicide* and finds that although some progress has been made, more needs to be done. Amid the frenzy of trying to teach to a new set of standards, Kelly Gallagher is a strong voice of reason, reminding us that instruction should be anchored around one guiding question: What is in the best interest of our students?
