The eleventh or alternate edition of the book contains exactly the same text as the 10th edition but includes all new cases. With so many business schools offering a strategic management course every term, the case collection in any one edition wears out after a few terms. The strong desire of adopters for fresh cases together with welcome and much needed growth in the supply of first rate cases being developed each year makes it necessary for us to institute a short case revision cycle and provide a second collection of cases to choose from. The 10th edition with all its various components will be available throughout the life cycle of the 11th edition.
