conference proceedings from the Sustainability Economics Innovation Globalisation and Operational Psychology Conference
2023 SEIGOP 2023 organized by the Centre for International Trade and Business in Asia CITBA at James Cook University
Singapore This edited volume places the highly dynamic but also jeopardized climatological geographical region of the
Tropics centre stage The region is developing rapidly with significant progress being made through the development of
innovative technologies The Tropics represent a region in which people live amid the greatest level of biodiversity anywhere
on the planet Nonetheless propelled by rapid population growth the Tropics is a region on the rise with higher living
standards and increased levels of international trade and investment Densely populated emerging countries like India
Indonesia and Nigeria will be among the largest economies of the world by the end of the century These upward
socioeconomic trends are compromised by the impact of climate change on the Tropics biodiversity Such developments have
forced policymakers businesses and local communities to search for more sustainable and creative ways to live and work For
these reasons this edited volume presents theory driven conceptual qualitative quantitative and mixed methods studies on
the impact of innovation driven businesses on the complex interplay of socio cultural economic and environmental factors in
