Chinese Foreign Policy An Introduction:

Chinese Foreign Policy Marc Lanteigne, 2016 This updated and expanded 3rd edition of Chinese Foreign Policy seeks to explain the processes actors and current history behind China's international relations as well as offering an in depth look at the key areas of China's modern global relations Among the key issues are The expansion of Chinese foreign policy from regional to international interests China's growing economic power in an era of global financial uncertainty Modern security challenges including maritime security counter terrorism and protection of overseas economic interests The shifting power relationship with the United States as well as with the European Union Russia and Japan China's engagement with a growing number of international and regional institutions and legal affairs The developing great power diplomacy of China New chapters address not only China's evolving foreign policy interests but also recent changes in the international system and the effects of China's domestic reforms In response to current events sections addressing Chinese trade bilateral relations and China's developing strategic interest in Russia and the Polar Regions have been extensively revised and updated This book will be essential reading for students of Chinese foreign policy and Asian international relations and highly recommended for students of diplomacy international security and IR in general

Chinese Foreign Policy Barbara Barnouin, Yu Changgen, 2013-10-28 First published in 1998 In this study what is proposed here is first of all to examine the effect it had on the very functioning of the Chinese Ministry of Foreign Affairs and how the turmoil of the Cultural Revolution of which the country had become a victim spilled over to this highly elitist and prestigious Ministry In summary it focuses on the chaos that engulfed the institution

Chinese Foreign Relations Robert G. Sutter, 2012-01-26 This comprehensive introduction to Chinese foreign relations examines the opportunities and limits China faces as it seeks growing international influence Tracing the record of twists and turns in Chinese foreign relations since the end of the Cold War Robert G Sutter provides a nuanced analysis that shows that despite its growing power Beijing is hampered by both domestic and international constraints Newly revised this edition features more extensive treatment of China's role in the international economy and greater discussion of its relations with the developing world Overall Sutter's balanced and thorough assessment shows China's leaders exerting more influence in world affairs but remaining far from dominant Facing numerous contradictions and trade offs they move cautiously as they deal with a complex global environment

Chinese Foreign Policy Think Tanks and China's Policy Towards Japan Xuanli Liao, 2006 Examines Chinese foreign policy think tanks and their influence in China's foreign policy towards Japan between the late 1970s and late 1990s Through case studies this book demonstrates a growing pluralistic trend in post Mao China's foreign policy making process

The European Union and China Thomas Christiansen, Emil Kirchner, Uwe Wissenbach, 2018-12-12 This accessible text offers a comprehensive analysis of the European Union EU China relationship as one of the most important in global politics today Both are major players on the

world stage accounting for 30% of trade and nearly a quarter of the world's population. This text shows how despite many differences in political systems and values, China and the EU have developed such a close, regular set of interactions at multiple levels from political/strategic to economic and individual. The authors start with an historical overview of the domestic politics and foreign policy apparatus of each partner to show the context in which external relations are devised. From this foundation, each key dimension of the relationship is analysed: trade and monetary policy, security, culture and society. The authors show the relative merits of different theoretical perspectives and outline what is next for this complex, ever-changing relationship. At every step, the success of each partner in persuading the other of changing their positions for key strategic interests is explored. What emerges is a multifaceted picture of relations between two sides that are fundamentally different kinds of actors in the international system yet have many mutual interests and a common stake in the stability of global governance. The first major text to offer an accessible introduction to the multifaceted nature of EU-China relations, this book is an ideal companion for upper undergraduate and postgraduate students on Politics, International Relations and European Studies courses.

Chinese Foreign Policy Evan Luard, 1957 *Chinese Foreign Policy* Thomas W. Robinson, David L. Shambaugh, 1995. This study of Chinese foreign policy is intended for academics and graduates of Chinese studies and of international relations, international economics and those interested in decision-making theory.

Chinese Foreign Policy Toward the Third World in the 1970's Young Mun Kim, 1979 *Security, Strategy, and the Logic of Chinese Foreign Policy* Jonathan D. Pollack, 1981 *The Foreign Policy of China* King C. Chen, 1972 *Cambodia in Chinese Foreign Policy Toward Vietnam* Peter M. Worthing, 1992

Chinese Foreign Relations Robert G. Sutter, 2020-10-30. With new assertiveness and prominence, China under President Xi Jinping is rightly considered an emerging and aggressive superpower backed by growing economic and impressive military strength. In this meticulous and balanced assessment, Robert G. Sutter traces China's actions under Xi Jinping, including the many challenges they pose to the international status quo. He provides a comprehensive analysis of newly prominent, Chinese unconventional levers of power and influence in foreign affairs that were previously disguised, hidden, denied or otherwise neglected or unappreciated by specialists. Sutter considers the domestic issues that preoccupy Beijing and the global factors—economic and political factors that complicate and constrain as well as enhance China's advance to international prominence.

Power and Responsibility in Chinese Foreign Policy Yongjin Zhang, Greg Austin, 2001. Collection of essays discussing Chinese international policy. Based on an international conference on China at 50: Power and Responsibility held in Canberra in 1999. Subjects include regional and global diplomatic and security problems, the changing role of the People's Liberation Army and human rights. Includes notes on contributors, endnotes, references and index. Zhang is Fellow in the Research School of Pacific and Asian Studies at the Australian National University and author of *China in International Society Since 1949*. Austin is Director of Research for the Brussels-based International Crisis Group and author of *Red Star East*.
