Game Dev Tycoon On Steam:

The Game Development Strategy Guide Cheryl Platz, 2025-09-16 Some of today's most popular video games have been on the market for decades while others barely make it days before disappearing forever What differentiates the games that survive This expansive look at modern video game development gives you an end to end cross disciplinary understanding of the people processes and core design principles you'll need to create video games that thrive Who Should Read This Book This book is for anyone and everyone interested in working on and creating games including Aspiring game developers of any discipline Veteran game developers looking to reframe their understanding of game development to account for modern trends and standards Creative leaders who need to build and support environments where great video games are created Game designers trying to improve their understanding of the business considerations that have felled so many recent games User experience designers looking to understand define and expand their impact in the broader video game market Producers struggling with the choice of business model or monetization choices for their games Partners to video game developers like legal counsel business development venture capitalists marketing licensing and human relations You'll learn A standard for basic game design principles Foundational science and the art of universal player motivation critical to informing decisions about the game The modern gaming business including live service games The roles that people and companies play in the game development process A common language for game development techniques How to achieve creative ideation and learn prioritization techniques More advanced design topics to help games thrive over time How to design games that encourage positive social experiences Modern video gaming monetization techniques To recognize common ethical and legal issues About key video games hardware software engines and platforms What works and what doesn't in gaming showing common patterns in the industry and design struggles Insights that will apply to teams and games of any size from indie games to mega games Frequently Asked Questions Does game development in the title mean this is a programming book No This book is intended for anyone who works on video games and starts in Chapter 1 What Makes Us Play by exploring universal player motivations The word developer in video gaming like the broader software industry is used in many different ways As discussed in Chapter 3 Putting the Dev in Game Development while some folks believe game development refers only to programming it is usually a more general term applied to the collective act of making a game across all disciplines as demonstrated by the existence of the broader Game Developers Conference Is this book only useful for new game developers This book is useful for game developers at any stage of their career While it's a fantastic overview for early career game developers many veterans who reviewed this book mentioned that they pulled away new insights especially from chapters like Chapter 9 From Emergence to Prosocial Gaming and Chapter 11 Efficient and Ethical Economies Readers will walk away with a common language for game development techniques from chapters like Chapter 3 and Chapter 13 The Good and Bad of Game Dev Processes that you can use with developers at any career stage Can I use

this book to help my nonindustry partners understand game development Absolutely As I wrote this book I wrote it with a secondary audience of partners like business development legal and other groups who don't experience the industry in the same way There are tons of folks who would benefit from an overview of the industry and our considerations all in one place They'll get the most out of chapters like Chapter 2 The Living Business of Games and Chapter 10 The Money Game which lay out the basic business models at play today as well as Chapter 3 which will help folks understand why game development teams are so big and complex and Chapter 7 Engaging Players over Time and Chapter 8 Creating Immersive Worlds which really help explain how games are different from other forms of entertainment

HTML5 Games: Novice to Ninja Earle Castledine, 2018-02-15 This book will teach you how to create awesome video games Games from scratch Games that run cross platform in web browsers and on phones Games filled with dynamic sound and music Games overflowing with impressive visual effects Fun games More importantly this book will teach you how to think about making games You'll learn to analyze and dissect games to understand what it is that makes great games great By the end of the journey you'll have all the knowledge and tools needed to produce engaging polished products that people will love to play What's inside Learn the basics game loops and input Draw graphics on the screen using Canvas Add amazing sound effects and music using the Web Audio API Develop several fun games a platformer a shoot 'em up a dungeon crawler and a physics based game Create your own JavaScript game library Jazz up your game up with juice screen shakes particle effects and more

Esports For Dummies Phill Alexander, 2020-04-28 Discover the path to the big leagues It's time to prove all those people who said video games are a waste of time wrong Esports has rewarded top gamers with prize money glory and even college scholarships Want to get in on the action This book puts you on the path to get your share of the growing world of esports It helps you figure out the gear you need to be competitive the games that drive esports how to break into competitive play and how to use online platforms to get attention Written by the esports program director at the first Division I university to field an esports team this book defines and demystifies the complex world of competitive video gaming Get the gear for your first esports battles Gain recognition for your skills online or in tournaments Discover the path to earning scholarships in esports Build your online identity Get the insider tips you need to make your name in the esports universe
