History Is Wrong:

History Is Wrong Erich von Däniken, 2009-08-01 History is Wrong will challenge your intellect and maybe a few long held beliefs This is Erich von Daniken s best book in years Erich von Daniken again shows his flair for revealing the truths that his contemporaries have missed After closely analyzing hundreds of ancient and apparently unrelated texts he is now ready to proclaim that human history is nothing like the world religions claim and he has the proof In *History is Wrong* Erich von Daniken takes a closer look at the fascinating Voynich manuscript which has defied all attempts at decryption since its discovery and makes some fascinating revelations about the equally incredible Book of Enoch Von Daniken also unearths the intriguing story of a lost subterranean labyrinth in Ecuador that is said to be home to an extensive library of thousands of gold panels He supplies evidence that the metal library not only has links to the Book of Enoch but also to the Mormons who have spent decades searching for it believing it to contain the history of their forefathers And what about the mysterious lines in the desert of Nazca that look like landing strips when viewed from the air Archeologists claim they are ancient procession routes Think again cries von Daniken as he reveals the data that the archeologists never even thought to check *Education Outcomes Unique in the Teaching of Ancient History ...* Henry Germanus Maeder, 1927 **The Heritage Crusade and the Spoils of History** David Lowenthal, 1998-05-13 Heritage has burgeoned over the past quarter of a century from a small lite preoccupation into a major popular crusade Everything from Disneyland to the Holocaust Museum from the Balkan wars to the Northern Irish Troubles from Elvis memorabilia to the Elgin Marbles bears the marks of the cult of heritage In this acclaimed book David Lowenthal explains the rise of this new obsession with the past and examines its power for both good and evil Timely and provocative brilliant and stimulating pyrotechnic everything from the Pilgrim Fathers to the Inuits from Homer s Greece to the rainforests of Brazil Roy Strong The Sunday Times entertaining and enthralling Ben Pimlott The Guardian **History, Politics, and the American Past** Ari Helo, 2020-02-25 History Politics and the American Past assesses the connection between historiography and politics in America on the basis of an important methodological distinction between the past and the history written about it While necessarily interpreting the past professional historians and those with a general interest alike remain tempted consciously or not to make American history serve their own political and moral views There is a tendency to impose our present values on the past and sometimes go so far as to believe the past can be changed by present action In this volume Ari Helo analyzes examples of this including metahistorical narratives presidential speeches and the occasionally vague rhetoric of the Confederate statue campaigns before diagnosing the source of doing so and suggesting how we might avoid it Taking America as its example the book illuminates essential methodological issues related to history writing while deciphering the complicated relationship of history and politics The book will be of interest to scholars and students of American history historiography American studies and cultural studies providing a vivid account of how to make sense of American history Grandsire: the Method, Its Peals, and History Jasper
