Paperback

John Morreall

Humor And Laughter Theory Research And Applications Paperback:

Humor and Laughter Antony Chapman, 2017-07-05 Humor and laughter play a vital part in our everyday social encounters. This book is concerned with the exploration of the psychology of humor and laughter by the foremost professional researchers in these areas. It examines the major theoretical perspectives underlying current approaches and it draws together for the first time the main empirical work done over the course of this century. Peter Berks brings this story up to the moment. The two major parts of the book deal with perception of and responses to humor and its uses in society at large. The chapters themselves range from cognitive aspects of humor development through the functions of humor and laughter in social interaction to the use of humor by comedians and by the mass media. One of the general features of the volume is the concern with the variety of techniques and research methods which are used in studies aimed at understanding our responsiveness to humor and the contexts in which we create it. *Humor and Laughter* contains chapters by psychologists with longstanding research interests in humor and laughter including Thomas R Shultz, Mary K Rothbart, Goran Nerhardt, Michael Godkewitsch, Walter E O Connell, and Harvey Mindess. *Humor and Laughter* presents wide ranging theoretical, methodological, and empirical perspectives on an important area of human behavior and social interaction. This book should interest many behavioral scientists and practitioners, particularly those in social and clinical psychology, psychiatry, child psychology, and education, sociology, and related disciplines.

Humor and Laughter Antony J. Chapman, 1976 Humor and laughter play a vital part in our everyday social encounters. In this book well known psychologists including Thomas R Shultz, Mary K Rathbart, and Goran Nerhardt explore the psychology of humor and laughter, examining the major theoretical perspectives underlying current approaches. This volume draws together the main empirical work done over the course of the twentieth century. *Humour and Laughter*, 1994 *Humour and laughter* Anthony J. Chapman, Hugh C. Foot, Humor and laughter play a vital part in our everyday social encounters. In this book well known psychologists including Thomas R Shultz, Mary K Rathbart, and Goran Nerhardt explore the psychology of humor and laughter, examining the major theoretical perspectives underlying current approaches. This volume draws together the main empirical work done over the course of the twentieth century. **Humor and Laughter** Peter Derks, 2017 *Fundamentals of Complementary and Alternative Medicine -*

Humor in Contemporary Junior Literature Julie Cross,2010-12-14 In this new book Julie Cross examines the intricacies of textual humor in contemporary junior literature using the tools of literary criticism and humor theory Cross investigates the dialectical paradoxes of humor and debunks the common belief in oppositional binaries of simple versus complex humor The varied combinations of so called high and low forms of humor within junior texts for young readers who are at such a crucial stage of their reading and social development provide a valuable commentary upon the culture and values of contemporary western society making the book of considerable interest to scholars of both children s literature and childhood studies Cross explores the ways in which the changing content forms and functions of the many varied combinations of humor in junior texts including the Lemony Snickett series reveal societal attitudes towards young children and childhood The new compounds of seemingly paradoxical high and low forms of humor in texts for developing readers from the 1960s onwards reflect and contribute to contemporary society s hesitant and uneven acceptance of the emergent paradigm of children s rights abilities participation and empowerment Cross identifies four types of potentially subversive transgressive humor which have emerged since the 1960s which coupled with the three main theories of humor relief

superiority and incongruity theories enables a long overdue charting of developments in humor within junior texts Cross also argues that the gradual increase in the compounding of the simple and the complex provide opportunities for young readers to play with ambiguous complicated ideas helping them embrace the complexities and contradictions of contemporary life

The Art of Comedy Writing Arthur Asa Berger, 2017-09-29 Just as a distinctive literary voice or style is marked by the ease with which it can be parodied so too can specific aspects of humor be unique Playwrights television writers novelists cartoonists and film scriptwriters use many special technical devices to create humor Just as dramatic writers and novelists use specific devices to craft their work creators of humorous materials from the ancient Greeks to today's stand up comics have continued to use certain techniques in order to generate humor In *The Art of Comedy Writing* Arthur Asa Berger argues that there are a relatively limited number of techniques forty five in all that humorists employ Elaborating upon his prior in depth study of humor *An Anatomy of Humor* in which Berger provides a content analysis of humor in all forms joke books plays comic books novels short stories comic verse and essays *The Art of Comedy Writing* goes further Berger groups each technique into four basic categories humor involving identity such as burlesque caricature mimicry and stereotype humor involving logic such as analogy comparison and reversal humor involving language such as puns wordplay sarcasm and satire and finally chase slapstick and speed or humor involving action Berger claims that if you want to know how writers or comedians create humor study and analysis of their humorous works can be immensely insightful This book is a unique analytical offering for those interested in humor It provides writers and critics with a sizable repertoire of techniques for use in their own future comic creations As such this book will be of interest to people inspired by humor and the creative process professionals in the comedy field and students of creative writing comedy literary humor communications broadcast media and the humanities

The faculty of adaptability : humour's contribution to human ingenuity Alastair Clarke, 2009-12-17 The definitive text on the pattern recognition theory of humour When our species turns inward to analyze itself the two facets of ingenuity and humour are often held in high regard as examples of its unique abilities and this theory suggests they are more closely connected than has previously been imagined or acknowledged While adaptability is a necessary facet of biological evolution its expression in human beings has become accelerated into an intellectual capacity for inventing non genetic solutions to environmental challenges producing a versatility and ingenuity that have come to define the species How does this ability function then and what has led to its unparalleled exaggeration in the human race According to pattern recognition theory this abundant resourcefulness has arisen due to the presence of a simple hardwired faculty that exists precisely to encourage it operating via the recognition of interesting patterns This suggests the author is known as humour One of two contrasting theories of humour by Clarke *The Faculty of Adaptability* interprets amusement as a creative adaptive system encouraging the invention and discovery of new information and original ideas Following a detailed description of a schematic model via which such a system could exist the book proceeds to suggest a timeframe for the evolution of the

faculty before addressing the basis for over 100 common stimuli to humour

Media Entertainment Dolf Zillmann, Peter Vorderer, 2000-05 This collection of essays covers all essential aspects of media entertainment written in a non technical style for appeal to scholars in communication and psychology as well as to students at mid to advanced levels of study

The Psychology of Humor Rod A. Martin, Thomas Ford, 2018-07-14 Most of us laugh at something funny multiple times during a typical day Humor serves multiple purposes and although there is a sizable and expanding research literature on the subject the research is spread in a variety of disciplines The Psychology of Humor 2e reviews the literature integrating research from across subdisciplines in psychology as well as related fields such as anthropology biology computer science linguistics sociology and more This book begins by defining humor and presenting theories of humor Later chapters cover cognitive processes involved in humor and the effects of humor on cognition Individual differences in personality and humor are identified as well as the physiology of humor the social functions of humor and how humor develops and changes over the lifespan This book concludes noting the association of humor with physical and mental health and outlines applications of humor use in psychotherapy education and the workplace In addition to being fully updated with recent research the second edition includes a variety of new materials More graphs tables and figures now illustrate concepts processes and theories It provides new brief interviews with prominent humor scholars via text boxes The end of each chapter now includes a list of key concepts critical thinking questions and a list of resources for further reading Covers research on humor and laughter in every area of psychology Integrates research findings into a coherent conceptual framework Includes brain imaging studies evolutionary models and animal research Integrates related information from sociology linguistics neuroscience and anthropology Explores applications of humor in psychotherapy education and the workplace Provides new research plus key concepts and chapter summaries

Responding To the Screen Jennings Bryant, Dolf Zillmann, 2013-11-05 This volume takes the next step in the evolution of mass communication research tradition from effects to processes a more detailed and microanalytical analysis of the psychological processes involved in receiving and reacting to electronic media messages This domain includes investigations into those psychological processes that occur between the process of selecting media messages for consumption and assessments of whatever processes mediate the long term impact such message consumption may have on consumers subsequent behavior The editors strive to further understanding of some of the basic processes underlying the ways we gain entertainment and information

British Books in Print, 1979

The Philosophy of Laughter and Humor John Morreall, 1987 This book assesses the adequacy of the traditional theories of laughter and humor suggests revised theories and explores such areas as the aesthetics and ethics of humor and the relation of amusement to other mental states Theories of laughter and humor originated in ancient times with the view that laughter is an expression of feelings of superiority over another person This superiority theory was held by Plato Aristotle and Hobbes Another aspect of laughter noted by Aristotle and Cicero and neglected until Kant and Schopenhauer developed it into the incongruity theory

is that laughter is often a reaction to the perception of some incongruity According to the third and latest traditional theory the relief theory of Herbert Spencer and Freud laughter is the venting of superfluous nervous energy Historical examples of all these theories are presented along with hybrid theories such as those of Descartes and Bergson The book also features traditional explorations of the place of humor in aesthetics drama and literature This is the first work in the last fifty years to include the classic sources in the philosophy of humor and the first to present theories by contemporary philosophers

Subject Index of Modern Books Acquired British Library,1903 *The Television Genre Book* Glen Creeber,2015-08-16
Genre is central to understanding the industrial context and visual form of television This new edition of the key textbook on television genre brings together leading international scholars to provide an accessible and comprehensive introduction to the debates issues and concerns of the field Structured in eleven sections *The Television Genre Book* introduces the concept of genre itself and how it has been understood in television studies and then addresses the main televisual genres in turn drama soap opera comedy news documentary reality television children s television animation and popular entertainment This third edition is illustrated throughout with case studies of classic and contemporary programming from each genre ranging from *The Simpsons* to *Buffy the Vampire Slayer* and from Monty Python s *Flying Circus* to *Who Wants to be a Millionaire* It also features new case studies on contemporary shows including *The Only Way Is Essex* *Homeland* *Game of Thrones* *Downton Abbey* *Planet Earth* *Grey s Anatomy* and *QVC* and new chapters covering topics such as constructed reality travelogues telefantasy stand up comedy the panel show 24 hour news Netflix and video on demand It's a Funny Thing, Humour British Psychological Society. Welsh Branch,1977 Judges, Judging and Humour Jessica Milner Davis,Sharyn Roach Anleu,2018-07-20 This book examines social aspects of humour relating to the judiciary judicial behaviour and judicial work across different cultures and eras identifying how traditionally recorded wit and humorous portrayals of judges reflect social attitudes to the judiciary over time It contributes to cultural studies and social science socio legal studies of both humour and the role of emotions in the judiciary and in judging It explores the surprisingly varied intersections between humour and the judiciary in several legal systems judges as the target of humour legal decisions regulating humour the use of humour to manage aspects of judicial work and courtroom procedure and judicial legal figures and customs featuring in comic and satiric entertainment through the ages Delving into the multi layered connections between the seriousness of the work of the judiciary on the one hand and the lightness of humour on the other hand this fascinating collection will be of particular interest to scholars of the legal system the criminal justice system humour studies and cultural studies

Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Humor And Laughter Theory Research And Applications Paperback eBooks, including some popular titles.

FAQs About Humor And Laughter Theory Research And Applications Paperback Books

What is a Humor And Laughter Theory Research And Applications Paperback PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Humor And Laughter Theory Research And Applications Paperback PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Humor And Laughter Theory Research And Applications Paperback PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Humor And Laughter Theory Research And Applications Paperback PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Humor And Laughter Theory Research And Applications Paperback PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier

to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
