## **Integral Management Of Tao Complete Achievement:**

*The Integral Management of Tao* Stephen Thomas Chang, 1988      [A WAY TO BALANCE](#) Dr. Romoli Maurizio, 2025-03-17  
This book offers a personal journey approach blending autobiography with practical advice. It realizes a focus on balance between material success and spiritual growth. The Author makes an effort to integrate Western and Eastern philosophies, particularly Taoism and modern wellness insights. It provides practical exercises and techniques rooted in traditional wisdom but adapted for modern life, supplying a blend of spiritual guidance and personal development with actionable insights. The author's extensive experience in medicine, Taoism, and natural healing results particularly useful in order to inspire practical transformative lifestyle changes rather than purely theoretical philosophy. If you are a seeker of personal growth, interested in philosophy, health, and personal development in every aspect of it, or simply interested in mindfulness, Taoism, holistic wellness, meditation, longevity, and self-improvement in general, this book is ideal for you. But even if sometimes you feel disconnected, overworked, unfulfilled, or in search of meaning and balance in life, don't worry, help is on the way. The Author also experienced those feelings, and you will discover how he was able to bring balance to all those forces. Through his clear and conversational writing style, he manages to make philosophical concepts accessible. He will cover diverse topics from health to relationships, from personal growth to spirituality, from nutrition to a new slimming program, from Taoist sexology to self-defense. But most important of all, he shows a way to happiness.

*Humanizing Business* Michel Dion, R. Edward Freeman, Sergiy D. Dmytriiev, 2022-05-30  
This book is about humanizing business. In contrast to the mainstream modern management and leadership literature, this book provides distinctly humane perspectives on business. The volume travels outside the world of business to explore what Humanities such as Philosophy, History, Literature, Creative Arts, and Cultural Studies can offer to business. Renowned scholars from different Humanities disciplines, as well as management researchers exploring the heritage of Humanities, convey what it actually means to make business more humane. The book strives to humanize business. It aims to show that it is not people who have to suppress their human feelings, aspirations, and beliefs when they are at their workplaces, but it is business itself that needs to be redefined by the human norms of human beings. Companies should care about their employees and other stakeholders, letting them be themselves, i.e. be human at work and beyond. The book will be of interest to management scholars across various business disciplines. It can also be used as teaching material in the
