House of Stairs William Sleator,1991-04-01 This chilling suspenseful indictment of mind control is a classic of science fiction and will haunt readers long after the last page is turned One by one five sixteen year old orphans are brought to a strange building It is not a prison not a hospital it has no walls no ceiling no floor Nothing but endless flights of stairs leading nowhere except back to a strange red machine The five must learn to love the machine and let it rule their lives But will they let it kill their souls An intensely suspenseful page turner School Library Journal A riveting suspense novel with an anti behaviorist message that works because it emerges only slowly from the chilling events Kirkus Reviews [The House of Stairs](#) William Sleator,1991-04 Five sixteen year old orphans of widely varying personality characteristics are involuntarily placed in a house of endless stairs as subjects for a psychological experiment on conditioned human response **Cruel Children in Popular Texts and Cultures** Monica Flegel,Christopher Parkes,2018-04-19 This book explores how alarmist social discourses about cruel young people fail to recognize the complexity of cruelty and the role it plays in child agency Examining representations of cruel young people in popular texts and popular culture the collected essays demonstrate how gender race and class influence who gets labeled cruel and which actions are viewed as negative aggressive and disruptive It shows how representations of cruel young people negotiate the violence that shadows polite society and how narratives of cruelty and aggression are used to affirm or to deny young people s agency *The World's Best Thin Books, Revised* Joni Richards Bodart,2000-05-09 The book report is due and panic sets in A THIN book is the ticket But perhaps a THINNER book Or the THINNEST book of all And how to pick one quickly that will be interesting Students teachers and librarians will love this handy little volume that describes 100 titles recommended for middle and high school students Readable attention grabbing all are less than 200 pages Each entry lists title and author provides information on characters plot and action and even suggests topics to cover in a book report Librarians and teachers will appreciate the inclusion of curricular areas and readability indexes and students will find the appendix on approaches to writing a book report or booktalk a real gold mine Five indexes make locating the perfect title a breeze The genre index guides you to the kind of book you want to read The subject index lists dozens of subjects from adoption to writing divorce to time travel The readability index guides you to the quick reads or thoughtful novels If you have a favorite author or already know of a novel you want to read there is the author or title index Finally the curriculum index allows you to look for a book for a particular class [Disturbing the Universe](#) Roberta S. Trites,1998-04-01 The Young Adult novel is ordinarily characterized as a coming of age story in which the narrative revolves around the individual growth and maturation of a character but Roberta Trites expands this notion by chronicling the dynamics of power and repression that weave their way through YA books Characters in these novels must learn to negotiate the levels of power that exist in the myriad social institutions within which they function including family church government and school **Children's Books in Print 1982-1983** ,1984 **Isaac Asimov's Science Fiction**
