masterpiece when published in London and quickly took its place among the canon of significant works in the United States. The novella was discovered in manuscript form in 1919 by Raymond M Weaver who was studying Melville's papers as his first biographer. Melville's widow had begun to edit the manuscript but had not been able to decide her husband's intentions at several key points or even to see his intended title. Poor transcription and misinterpretation of Melville's notes marred the first published versions of the text. After several years of study, Harrison Hayford and Merton M Sealts Jr published what is now considered the best transcription and critical reading text in 1962. The novella was adapted as a stage play in 1951 and produced on Broadway where it won the Donaldson Awards and Outer Critics Circle Awards for best play. Benjamin Britten adapted it as an opera by the same name first performed in December 1951. The play was adapted into a film in 1962 produced, directed, co-written and starring Peter Ustinov with Terence Stamp receiving an Academy Award nomination in his film debut.

Billy Budd Herman Melville, 2014-06-03. Billy Budd's life takes an unexpected turn when he is pressed into service in the Royal Navy at the turn of the nineteenth century. Two recent mutinies and war with Revolutionary France make for tense conditions aboard HMS Bellipotent and when the popular Billy inexplicably falls afoul of the jealous master at arms and commits a rash though sorely provoked act, it is up to Captain Vere to administer appropriate justice. Herman Melville's *Billy Budd* was unfinished at the time of the writer's death but was discovered in 1919 by Raymond Weaver, Melville's first biographer. Transcription errors and difficulty interpreting Melville's notes on the text meant an authoritative edition was not published until 1962. *Billy Budd* has been produced for film, stage and television with the most famous adaptation being the Benjamin Britten opera with libretto by E M Forster and Eric Crozier.
