Principles of Demography Donald J. Economic and Social Commission for Western Asia, 2014 This report shows that the Arab countries are currently undergoing profound age structural transitions which will have significant implications for their development It argues that countries can best manage and benefit from the consequences of the age structural transitions taking place across the Arab region by adopting a life course approach in analysis and policy However social and economic policies in the Arab countries have not succeeded in integrating this approach This report therefore suggests reforms across social and economic policy areas including labour market and social protection reforms and suggests how the post 2015 UN Development Agenda can integrate a life course perspective It brings a new urgency to the debate arguing that transformational change is needed to integrate the needs and potentials of the different age groups in the Arab countries    Bulletin ,1991    A South African Labour Market Bibliography Faldie Esau, Dudley Horner, 1997    American Book Publishing Record ,1985    **Journal of the American Dietetic Association** ,1969    **Arts & Humanities Citation Index** ,2002    **Population and Society** Dudley L.
