The *Handbook of Micro Health Insurance in Africa* gives an overview of the challenges and needs in the field of micro health insurance. Focusing on Sub-Saharan Africa, where universal social health protection still has a way to go, the Handbook provides an introduction to the relatively new and promising approach of micro insurance as a risk management tool for low-income households between the market self-help and the state. This book is an output of the project Pro MHI Africa, which is funded by the European Union and directed by the University of Cologne in cooperation with the University of Botswana, the University of Ghana, and the University of Malawi. Series: Social Protection in Health Challenges. Needs and Solutions in International Health Care Financing, Vol. 1.

Tourism Development, Governance and Sustainability in The Bahamas Sophia Rolle, Jessica Minnis, Ian Bethell-Bennett, 2020-07-12. This book focuses on the complex issues of tourism development, governance, and sustainability in the long-standing popular island destination The Bahamas, where tourism remains one of the primary fiscal industries. The book achieves this by looking at the impacts of mass tourism development from social, economic, and environmental perspectives, panarchy, and resilience, assessing sustainability, moving towards a blue economy, impacts of climate change, and innovative alternative tourism offerings to ensure sustainable tourism, a welcomed but challenging essential contemporary focus of the tourism industry. It further looks at how development, governance, and sustainability come together in the aftermath of a recent natural disaster, hurricane Dorian, which proved to be a strong catalyst for action, innovation, and change in The Bahamas. Given the complexity of these key concepts and The Bahamas as an established popular tourism destination, archipelago which relies so heavily on the industry, this book offers significant insight for other tourism regions and will therefore be essential reading for upper-level students and academics in the field of Tourism research.
