

## Sets of Numbers

- The **natural numbers** are the set of numbers used when counting; these are the numbers  $\{1, 2, 3, 4, 5, \dots\}$ .
- The **whole numbers** are the set of natural numbers and zero; these are the numbers  $\{0, 1, 2, 3, 4, 5, \dots\}$ .
- The **integers** are the set of whole numbers and their opposites; these are the numbers  $\{\dots, -3, -2, -1, 0, 1, 2, 3, \dots\}$ .
- The **rational numbers** are the set of numbers that can be expressed as a fraction of two integers, where the denominator is not zero. Rational numbers include the set of natural numbers, whole numbers, and integers.

EX:  $-5, \frac{3}{4}, 0, 2, \sqrt{16}, 2\frac{1}{2}, 0.6, 2.35$

- The **irrational numbers** are the set of numbers that cannot be expressed as a fraction of two integers.

EX:  $\pi, e, \sqrt{5}, \sqrt[3]{10}$

- The **real numbers** are the set of rational numbers and irrational numbers.

EX:  $-4, \pi, \frac{7}{8}, \sqrt{5}, \sqrt{64}, 0.125, \sqrt[3]{25}, 0.7$

- The **imaginary numbers** are the set of square roots of negative numbers, written in the form  $bi$ , where  $b$  is a nonzero real number and  $i = \sqrt{-1}$ .

EX:  $-5i, i, 3i, \sqrt{-9}, -\sqrt{-100}$

- The **complex numbers** are the set of real numbers plus an imaginary number, written in the form  $a + bi$ , where  $a$  and  $b$  are real numbers and  $i = \sqrt{-1}$ .

EX:  $9 + 2i, -6 + i, -4 - 3i, 7 - 6i, 5i$

## Solving Equations

When you perform the same operation to each side of an equation, the result is a new equation that has the same solution. Equations that have the same solution(s) are equivalent equations.

### Using the Addition Property of Equality

The **Addition Property of Equality** states that when the same number is added to equal numbers, the sums are equal.

**RULE:** If  $a, b,$  and  $c$  are any real numbers and  $a = b$ , then  $a + c = b + c$ .

EX:  $2 + 7 = 2 + 7$

Applying this property to equations, when the same number is added to each side of an equation, the result is an equivalent equation.

EX: If  $x - 3 = 11$ , then  $x - 3 + 3 = 11 + 3$ , or  $x = 14$

### Using the Subtraction Property of Equality

The **Subtraction Property of Equality** states that when the same number is subtracted from equal numbers, the differences are equal.

**RULE:** If  $a, b,$  and  $c$  are any real numbers and  $a = b$ , then  $a - c = b - c$ .

EX:  $12 - 8 = 12 - 8$

Applying this property to equations, when the same number is subtracted from each side of an equation, the result is an equivalent equation.

EX: If  $y + 7 = 15$ , then  $y + 7 - 7 = 15 - 7$ , or  $y = 8$

## Using the Multiplication Property of Equality

The **Multiplication Property of Equality** states that when equal numbers are multiplied by the same number, the products are equal.

**RULE:** If  $a, b,$  and  $c$  are any real numbers and  $a = b$ , then  $ac = bc$ .

EX:  $5 \cdot 4 = 5 \cdot 4$

Applying this property to equations, when both sides of an equation are multiplied by the same real number, the result is an equivalent equation.

EX: If  $\frac{x}{6} = 3$ , then  $\left(\frac{x}{6}\right)6 = (3)6$ , or  $x = 18$

## Using the Division Property of Equality

The **Division Property of Equality** states that when equal numbers are divided by the same nonzero number, the quotients are equal.

**RULE:** If  $a, b,$  and  $c$  are any real numbers,  $c \neq 0$ , and  $a = b$ , then  $\frac{a}{c} = \frac{b}{c}$ .

EX:  $\frac{15}{3} = \frac{15}{3}$

Applying this property to equations, when both sides of an equation are divided by the same nonzero real number, the result is an equivalent equation.

EX: If  $7x = 21$ , then  $\frac{7x}{7} = \frac{21}{7}$ , or  $x = 3$

## Solving Multistep Equations

Some equations require more than one inverse operation to solve. The goal when solving a multistep equation is to isolate the variable (i.e., get it by itself). To do this, use the properties of equality. If there are like terms on one side of an equation, they should be combined before using the properties.

EX: Solve the equation  $5x + 3x - 1 = 15$

- $5x + 3x - 1 = 15$
- $8x - 1 = 15$
- $8x - 1 + 1 = 15 + 1$
- $8x = 16$
- $\frac{8x}{8} = \frac{16}{8}$
- $x = 2$

- Original equation
- Combine like terms.
- Use the Addition Property of Equality to undo the subtraction and isolate the variable term.
- Simplify.
- Use the Division Property of Equality to undo the multiplication and isolate the variable.
- Simplify.

## Variables on Both Sides

When an equation has variables on both sides, the objective is to get all variable terms on the same side of the equation by using either the Addition or Subtraction Property of Equality.

EX: Solve the equation  $6m - 8 = 2m - 2m$

- $6m - 8 = 2m$
- $6m - 2m - 8 = 2m - 2m$
- $4m - 8 = 0$
- $4m - 8 + 8 = 0 + 8$
- $4m = 8$
- $\frac{4m}{4} = \frac{8}{4}$
- $m = 2$

- Original equation
- Use the Subtraction Property of Equality to move the variable term to one side.
- Simplify.
- Use the Addition Property of Equality to isolate the variable term.
- Simplify.
- Use the Division Property of Equality to isolate the variable.
- Simplify.

## Solving Absolute Value Equations

The absolute value of a number is its distance from zero on the number line. Therefore, the equation  $|x| = 4$  has two solutions, 4 and  $-4$ , since both have a distance of 4 units from zero on the number line.

To solve an equation  $|x| = b$ , where  $b$  is a positive number, solve the disjunction  $x = b$  or  $x = -b$ .

EX: Solve the equation  $|x + 7| = 3$

- $|x + 7| = 3$
- $x + 7 = 3$  or  $x + 7 = -3$
- $x + 7 - 7 = 3 - 7$  or  $x + 7 - 7 = -3 - 7$
- $x = -4$  or  $x = -10$

- Original equation
- Write as a disjunction.
- Use the Subtraction Property of Equality on both equations to isolate the variable.
- Simplify.

## Solving Inequalities

An inequality shows the relationship between two numbers or expressions. The solution of an inequality is the set of numbers that make the inequality true.

### Addition & Subtraction Properties

The **Addition and Subtraction Properties of Inequality** state that adding or subtracting the same number on each side of an inequality produces an equivalent inequality.

If  $a, b,$  and  $c$  are real numbers, then the following are true:

**Addition Property of Inequality:** If  $a > b$ , then  $a + c > b + c$ ; if  $a < b$ , then  $a + c < b + c$ .

**Subtraction Property of Inequality:** If  $a > b$ , then  $a - c > b - c$ ; if  $a < b$ , then  $a - c < b - c$ .

Note that similar statements hold true for  $\geq$  and  $\leq$ .

**NUMERIC EXAMPLES**

**Addition Property of Inequality:** Since  $4 > 2$ , then  $4 + 1 > 2 + 1$ ; since  $3 < 5$ , then  $3 + 6 < 5 + 6$ .

**Subtraction Property of Inequality:** Since  $9 > 2$ , then  $9 - 1 > 2 - 1$ ; since  $4 < 7$ , then  $4 - 2 < 7 - 2$ .

**ALGEBRAIC EXAMPLES**

**Addition Property of Inequality:** If  $p - 3 < 11$ , then  $p - 3 + 3 < 11 + 3$ , or  $p < 14$ .

**Subtraction Property of Inequality:** If  $x + 9 > 16$ , then  $x + 9 - 9 > 16 - 9$ , or  $x > 7$ .

### Multiplication & Division Properties

The **Multiplication and Division Properties of Inequality** state that multiplying or dividing each side of an inequality by a positive number makes an equivalent inequality. These properties also state that multiplying or dividing each side of an inequality by a negative number and reversing the direction of the inequality symbol make an equivalent inequality.

Given  $a, b,$  and  $c$  are real numbers:

Where $c$ is positive:	Where $c$ is negative:
If $a < b$ , then $ac < bc$ .	If $a < b$ , then $ac > bc$ .
If $a > b$ , then $ac > bc$ .	If $a > b$ , then $ac < bc$ .

Note that similar statements hold true for  $\geq$  and  $\leq$ .

**NUMERIC EXAMPLES**

**Multiplication Property of Inequality:**

Since  $2 < 5$ , then  $2 \cdot 3 < 5 \cdot 3 = 15$ ; since  $2 < 5$ , then  $2 \cdot (-3) > 5 \cdot (-3)$ .

Since  $6 > 4$ , then  $6 \cdot 4 > 4 \cdot 4 = 16$ ; since  $6 > 4$ , then  $6 \cdot (-4) < 4 \cdot (-4)$ .

**Division Property of Inequality:**

Since  $4 < 6$ , then  $\frac{4}{2} < \frac{6}{2}$ ; since  $4 < 6$ , then  $\frac{4}{-2} > \frac{6}{-2}$ .

Since  $9 > 3$ , then  $\frac{9}{3} > \frac{3}{3}$ ; since  $9 > 3$ , then  $\frac{9}{-3} < \frac{3}{-3}$ .

### **College Algebra Study Guide Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free College Algebra Study Guide PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while

accessing free College Algebra Study Guide PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of College Algebra Study Guide free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

### **FAQs About College Algebra Study Guide Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. College Algebra Study Guide is one of the best book in our library for free trial. We provide copy of College Algebra Study Guide in digital format, so the resources that you find are reliable. There are also many Ebooks of related with College Algebra Study Guide. Where to download College Algebra Study Guide online for free? Are you looking for College Algebra Study Guide PDF? This is definitely going to save you time and cash in something you should think about.
