

## CHAPTER 2: CONSTITUTION

### CONSTITUTION

A constitution is a nation's basic laws. It creates political institutions, allocates power within government, and often provides guarantees to citizens. A constitution sets the broad rules of the game of politics, allowing certain types of competition amount certain players.

The Declaration's polemical aspects were important because the colonists needed foreign assistance to take on the most powerful nation in the world. Today, the declaration of Independence is studied more as a statement of philosophy than as a political all to arms.

### THE ENGLISH HERITAGE: THE POWER OF IDEAS

Philosophically, the Jeffersonian pen put on paper ideas that were by then common knowledge on both sides of the Atlantic, especially among those people who wished to challenge the power of kings. John Locke was one of the most influential philosophers read by colonists. The foundation upon which Locke built his powerful philosophy was a belief in **natural rights** – rights inherent in human beings, not dependent on governments. Government, Locke argued, must be built on the
