Imaginative Writing The Elements Of Craft 3rd Edition:

Imaginative Writing Janet Burroway, 2011 Janet Burroway's bestselling *Imaginative Writing The Elements of Craft* explores the craft of creative writing in four genres: Fiction, Poetry, Drama, and Creative Nonfiction. A trade author as well as a professor of creative writing, Burroway brings her years of teaching and writing to this book. Try This exercises appear throughout each chapter. Provocative and fun, these exercises help writers develop the specific writing skills discussed within the text. Working toward a draft, exercises encourage writers to develop their ideas into complete drafts. In response to reviewer requests, the preface *Invitation to the Writer* has been expanded into a full chapter. This new chapter introduces writers to important skills such as reading like a writer, journaling, and participating in the writer's workshop. This book offers lots of ideas and encouragement at a great price. [Establishing Creative Writing Studies as an Academic Discipline](#) Dianne Donnelly, 2011-11-23 This book advances creative writing studies as a developing field of inquiry, scholarship, and research. It discusses the practice of creative writing studies, the establishment of a body of professional knowledge, and the goals and future direction of the discipline within the academy. This book also traces the development of creative writing studies, noting that as the new discipline matures, it refers to evidence of its own research methodology and collective data and locates its authority in its own scholarship. Creative writing studies will bring even more meaning to the academy, its profession, and its student body. [Bridging Literacies with Videogames](#) Hannah R. Gerber, Sandra Schamroth Abrams, 2014-09-23 *Bridging Literacies with Videogames* provides an international perspective of literacy practices, gaming culture, and traditional schooling. Featuring studies from Australia, Colombia, South Korea, Canada, and the United States, this edited volume addresses learning in primary, secondary, and tertiary environments with topics related to re-creating worlds and texts: massive multiplayer, second language learning, videogames, and classroom learning. These diverse topics will provide scholars, teachers, and curriculum developers with empirical support for bringing videogames into classroom spaces to foster meaning-making. *Bridging Literacies with Videogames* is an essential text for undergraduates, graduates, and faculty interested in contemporizing learning with the medium of the videogame. **Short-Form Creative Writing** H. K. Hummel, Stephanie Lenox, 2026-02-05 Part craft guide, part anthology, this book takes a cross-genre approach to the principles and techniques of writing flash fiction, flash nonfiction, and prose poetry. **Imaginative Writing** Janet Burroway, 2014-02-07 **Teaching Big History** Richard B. Simon, Mojgan Behmand, Thomas Burke, 2015 *Big History* is a new field on a grand scale; it tells the story of the universe over time through a diverse range of disciplines that spans cosmology, physics, chemistry, astronomy, geology, evolutionary biology, anthropology, and archaeology, thereby reconciling traditional human history with environmental geography and natural history. Weaving the myriad threads of evidence-based human knowledge into a master narrative that stretches from the beginning of the universe to the present, the *Big History* framework helps students make sense of their studies in all disciplines by illuminating the structures that underlie the universe and the connections among them. *Teaching*

Big History is a powerful analytic and pedagogical resource and serves as a comprehensive guide for teaching Big History as well for sharing ideas about the subject and planning a curriculum around it Readers are also given helpful advice about the administrative and organizational challenges of instituting a general education program constructed around Big History The book includes teaching materials examples and detailed sample exercises This book is also an engaging first hand account of how a group of professors built an entire Big History general education curriculum for first year students demonstrating how this thoughtful integration of disciplines exemplifies liberal education at its best and illustrating how teaching and learning this incredible story can be transformative for professors and students alike **American Book Publishing Record** ,2005
