Life in Media Mark Deuze, 2023-07-25 A new way to teach media studies that centers students' lived experiences and diverse perspectives from around the world. From the intimate to the mundane, most aspects of our lives—how we learn, love, work, and play—take place in media. Taking an expansive global perspective, this introductory textbook covers what it means to live in rather than with media. Mark Deuze focuses on the lived experience: how people who use smartphones, the internet, and television sets make sense of their digital environment to investigate the broader role of media in society and everyday life. *Life in Media* uses relatable examples and case studies from around the world to illustrate the foundational theories, concepts, and methods of media studies. The book is structured around six core themes: how media inform and inspire our daily activities; how we live our lives in the public eye; how we make distinctions between real and fake; how we seek and express love; how we use media to effect change; how we create media and shared narratives; and how we seek to create well-being within media. By deliberately including diverse voices and radically embracing the everyday and mundane aspects of media life, this book innovates ways to teach and talk about media. Highlights diverse international voices, images, and cases. Uses accessible examples from everyday life to contextualize theory. Offers a comprehensive, student-centered introduction to media studies. Extensively annotated bibliography offers dynamic sources for further study, including readings and documentary films.

AS Media Studies Philip Rayner, Peter Wall, Stephen Kruger, 2004 In full colour throughout and featuring new case studies, this fully revised and updated edition of the bestselling *AS Media Studies* covers all aspects of Media Studies for students of the AS and A level media syllabus. The authors, who are experienced teachers and examiners, introduce students step by step to the skills of reading media texts and address key areas such as media technologies, media institutions, and media audiences. Individual chapters cover: introduction to studying the media; study skills; reading media texts; media institutions; audiences; and the media. Case studies of newspapers, television programmes, and films; research and how to do it; preparing for exams; coursework and production guide. *AS Media Studies: The Essential Introduction* gives students the confidence to tackle every part of an introductory media course. Its key features include: activities for the classroom; practical assignments for individual study; a glossary of key terms; case studies of recent media showing how theoretical ideas can be applied in everyday situations.
