Jewish Studies Kalman Dubov,2021-11-18 Jewish mysticism is quite popular by way of books lectures and classes to teach this esoteric subject The student suddenly confronts a world with a unique language and great masters who use obscure language so that the concepts are confusing amidst the different schools of Kabbalistic thought and traditions Prior to 1700 all such teaching was done from master to student with intentional obscurities so that the student today faces many challenges in comprehending this discipline This review quoting from original sources is designed to provide a basic and foundational structure from which the student can appreciate both the why of Kabbalism and the how they got there The premise is that God created our physical universe for a reason and the revelations on Mount Sinai was deliberate The Kabbalist understood the hidden from the apparent so that open texts was suddenly imbued with meaning never apparent from the text itself The book review the major contributors to Kabbalah while reviewing the mystic concepts they contributed Different schools of thought emerged over time so that different modalities of Kabbalah are present today These reviews are based on Theoretical Kabbalah so that intention Kavanah during prayer and even during mundane acts throughout the day are imbued with Kabbalistic intention The book does not review Practical Kabbalah where incantations amulets and similar acts are done to enhance positive energy I do include the vignette of Rabbi Abraham Abulafia a major proponent of this form of Kabbalah In 1760 following the leadership and death of the Baal Shem Tov the teaching of Kabbalah was opened to the lay public setting aside the hidden curtain existing previously Why the sudden change after thousands of years when this discipline was clandestine and not revealed openly The answer lies with a mystic experience the Baal Shem Tov had with the Messiah who charged him with such open teaching before he would arrive That charge is the central pivot upon which these teachings turn The book s sections are divided into separate reviews to enable the student to review them more easily The first section is on concepts the second on personalities and the challenges they faced in their lives It is common for great leaders not to dwell on their challenges in life so it is especially important for posterity to be aware that their lives were often beset by great difficulties Two vignettes review persons who were killed because of their beliefs One was Rabbi Shlomo Molcho a man who challenged both the reigning pope and secular emperor to accept their proper roles in life In doing so he was arrested and burned to death for his beliefs When offered clemency if he reverted to the Christian faith he refused dying a martyr s death The other person who died in this horrific manner was a child of twelve years Ines Esteban whose family became conversos in Spain s remote Extremadura Hailed as a prophetess by the region s conversos she was arrested by the Inquisition tortured and was burned at the stake in August 1500 The story of her leadership in the face of relentless religious

persecution and her resolute refusal to become a Christian penitent is remarkable given her youth her leadership and her individual role she had no other to support her in this terrible time She stood alone without mentor or fellow mystic though her father and stepmother fully supported her I find it fitting and proper to dedicate this book to this remarkable young woman Other Kabbalists through the ages also experienced great personal trials in life Their collective leadership provides much detail to ponder their roles and teachings It is hoped the student will have much opportunity to reflect on when studying this subject
