Finally, the book may appeal to policymakers interested in opportunities to increase regional competitiveness and sustainability goals through the advent of 4.0 technologies.

**Operations Management** Lee J. Krajewski, Manoj Kumar Malhotra, Operations Management provides a framework for addressing operational processes and supply chain issues. Using a systemized approach, the text focuses on real-world issues and strategies while offering the hands-on practice needed to take on managerial roles. The 14th Edition was revised to accommodate courses with varying durations and types of coverage. It features a brand new Chapter 2 on operations strategy, a rework of Chapters 13 to 15, and a reordering of all chapters for ease of teaching and learning. New content shows how businesses and business professionals can respond to transformative events such as COVID-19, inflation, and the Ukraine-Russia war among other international developments.
