Media Studies: Media history, media and society Pieter Jacobus Fourie, 2007 While examining exactly who owns the media and who produces the media this text manages to encompass the systematic critical and analytical media in all its forms and concludes that the media is one of the most important generators and disseminators of meaning in contemporary society Investigating the power relationships between the media and politics culture economy society and above all democracy this resource is well suited for anyone with an interest in the modern role of media in society **Media Studies: Content, audiences, and production** Pieter Jacobus Fourie, 2001 This book includes theoretical approaches as well as a production section that focuses on basic techniques and introductory applications of media studies *A History of Anthropological Theory* Paul A. Erickson, Liam Donat Murphy, 2008-01-01 This overview of the history of anthropological theory provides a comprehensive history from antiquity through to the twenty first century with a focus on the twentieth century and beyond Unlike other volumes it also offers a four field introduction to theory As a stand alone text or used in conjunction with the companion volume *Readings for a History of Anthropological Theory* Erickson and Murphy offer a comprehensive affordable and contemporary introduction to anthropological theory The third edition has been updated and fully revised throughout to closely parallel the presentation in the companion reader making it easier to use both books in tandem New original essays by contemporary theorists bring theories to life and portraits of important theorists make it a handsome volume Sources and suggested readings have been updated and glossary definitions have been updated streamlined and standardized **Feminism in the Study of Religion** Darlene Juschka, 2001-08-02 Written by feminist scholars over a period of nearly thirty years the selected readings are wide ranging in content offer a multi ethnic and multi cultural perspective and reflect the work of scholars working within religious studies as well as other disciplines The introductory essays link the sections and are packed with useful information on resources issues and the current debates The book illustrates how debates about feminism within the study of religions have been impacted by broader theoretical discussions and provides evidence that feminist scholars working on religion have made their own contribution to feminist theory **An Analysis of Claude Levi-Strauss's Structural Anthropology** Jeffrey A. Becker, Kitty Wheeler, 2017-07-05 Claude L vi Strauss is probably the most complex anthropological theorist of all time His work continues to influence present day thinkers in his field but he is perhaps even more influential beyond it As one of the key figures in the development of what is known today as French theory L vi Strauss was one of the most important thinkers of the 20th century His theories of interpretation meaning and culture have helped shape the ideas and methodologies of a range of disciplines above all literature and philosophy At the heart of L vi Strauss s work are the questions of meaning and where meaning comes from As an anthropologist he was primarily interested in what completely different and separate cultures might have in common Crucially he saw how common ground resides not on the surface of cultures i e in similar customs but deep inside invisible

background structures of thought His quest was to peel away the surface of different cultures through careful interpretation advancing from one layer to another until he discovered the structures that lay behind all of the exterior practices and meanings Infamously challenging his work shows interpretative skills working at the highest most abstract level possible

The Logic of the Laws David S. Moyer,1975 This study is directed towards providing basic background material for the understanding of South Sumatran social organisation To this end four legal codes from the first half of the nineteenth century are presented and analysed The method used in the analysis is a modification of that used by Levi Strauss for the analysis of myth The author concludes by stating Out of these detailed analyses the most significant phenomenon to emerge is the fact that a relatively small number of formal properties are distributed through a large number of structures within a single legal code and because of their formal similarities these structures are mutually reinforcing

VKI ,1975 **Cultural Anthropology** Conrad Phillip Kottak,1991 *Frederick Douglass's Narrative of the Life of Frederick Douglass* Harold Bloom,1988 **Society as Semiosis** Risto Heiskala,2003 Action theory phenomenological sociology pragmatism and post structuralism are often seen as mutually exclusive currents of meaning analysis Shows that these traditions are actually complementary and builds a neostructuralist synthesis on this finding It also outlines the implications of this cultural theoretical synthesis for the field of social theory What emerges is a variant of the theory of practice habit and structuration of society
