**Architectural Practice** John James Scott, 1985 *The FIDIC Contracts* Andy Hewitt, 2014-04-25 It is vital to ensure that your company complies with its contractual obligations It is also vital to check whether the other parties are complying with

theirs This book was written to help those involved in the management of busy construction projects to find answers to contractual issues arising from the FIDIC forms of contract The book is organised in such a way that you can find answers in a fraction of the time it would take to study the full conditions of contract This book sets out the contractual obligations of the Employer the Contractor the Engineer and the DAB in a simple tabular form together with the time frames in which they should be performed and the consequences of non compliance This means that you will have all the information at your fingertips without having to study lengthy contractual clauses For those using the FIDIC forms for the first time or perhaps not using them too often this book is a must whilst experienced users will find it provides a valuable checklist Whichever category you fall into using this book should improve both knowledge and efficiency The book is ideal for engineers quantity surveyors contract managers and any person whose job it is to understand the workings of a FIDIC contract Roger Knowles had this to say The most important part of any contract is the obligations of the parties the time frames in which the parties must perform these obligations and the consequences of failing to meet them Failure to carry out obligations correctly is a serious risk and common source of contention or claims This practical ready reference on the contractual obligations of the various parties for a FIDIC construction contract promotes efficient administration of construction projects prevents contention and aids an easier understanding of their obligations The FIDIC Contracts Obligations of the Parties is presented in an easily referenced tabular format The Red Pink Red Book Subcontract Yellow Silver Gold Pink Green and White Books are all included and for ease of reference each contract is separated into sections relating to the Employer the Contractor the Engineer or the equivalent and the DAB This guide s accessible style will enable all parties and personnel involved in the project to quickly check that their company is performing the required obligations correctly and also to ensure that other parties are doing the same

Auditing Contracts Andrew D. Chambers, Graham Rand, 1994 Examines the importance of having formal effective approaches to negotiating and managing contracts Provides information on the placing control monitoring and post appraisal of contracts It is aimed at contract audit specialists in public and private sectors in the UK and overseas

**Construction and Procurement Law** Mark L. Macaulay, Lynn E. Ramsey, 2002 This addition to the Greens Concise Scots Law series provides comprehensive coverage of the core areas of land law as it operates in Scotland The text should be of interest to students of the subject and to practitioners involved in this changing area of law

*Civil Engineering Contracts* Charles K. Haswell, Douglas S. De Silva, 1989 Different contract procedures adopted on civil engineering projects are studied in this revised edition taking into account the new developments The new coverage includes comments on various related books and new forms of contract that have been published

**The FIDIC Forms of Contract** Nael G. Bunni, 2013-02-05 In September 1999 FIDIC introduced its new Suite of Contracts which included a new Red Yellow Silver and Green forms of contract The new Red Book was intended to replace the 1992 fourth edition of the Red Book with

the ambition that its use would cease with time This ambition has not materialised and is unlikely to do so in the future Despite the importance of the 1999 Forms there has been very little published on the new concepts adopted in them and how they interact with the previous forms This important work considers these aspects together with the many developments affecting the fourth edition of the Red Book that have taken place since 1997 when the second edition of this book was published and relates them to key contracting issues It is written by a chartered engineer conciliator and international arbitrator with wide experience in the use of the FIDIC Forms and in the various dispute resolution mechanisms specified in them Important features of this book include background and concepts of the various forms of contract a detailed comparison of the wording of the 1999 three main forms which although similar in nature it nevertheless significantly differs in certain areas where the three forms diverge due to their intended purpose analysis of the rights and obligations of the parties involved in the contract and the allocation of risks concerned a range of decision tree charts analysing the main features of the 1992 Red Book including risks indemnities and insurances claims and counterclaims variations procedure for claims programme and delay suspension payments and certificates dispute resolution mechanisms and dispute boards a much enlarged discussion of the meaning of claim and dispute and the types of claim with a discussion of the Notice provision in the 1999 forms of contract for the submittal of claims by a contractor and by an employer the FIDIC scheme of indemnities and insurance requirements and the methods of dispute resolution provided by the various forms of contract and five new chapters in this third edition the first four chapters deal with each of the 1999 forms and the fifth chapter is confined to the topic of Dispute Boards
