Success Exam Cram Ed Tittel, 1999 The unique characteristics of the most popular certification programs offered today Microsoft Novell Oracle CompTIA and Sun JAVA are detailed in this edition including information on price test lengths testing locations study materials and the types of questions on the exams OCP Java SE 6 Programmer Practice Exams (Exam 310-065) Bert Bates, Kathy Sierra, 2010-11-22 Don't Let the Real Test Be Your First Test Written by two of the lead developers of the Java SE Programmer Exam OCP Java SE 6 Programmer Practice Exams is filled with more than 260 realistic practice questions to prepare you for this challenging exam To help you understand this material in depth explanations of both the correct and incorrect answers are included for every question This practical guide covers all official objectives for Exam 310 065 and is the perfect companion to SCJP Sun Certified Programmer for Java 6 Study Guide Covers all OCP Java SE 6 Programmer exam topics including Declarations and Access Control Object Orientation Assignments Operators Flow Control Exceptions and Assertions Strings I O Formatting and Parsing Generics and Collections Inner Classes Threads Development **Java Programming** Gary B. Shelly, Thomas J. Cashman, Joy L. Starks, Joy Starks, 2001 Part of the highly successful Shelly Cashman Series this text provides introductory coverage of Java Programming Emphasizes important object oriented programming concepts and uses real world examples throughout *JAVA Developer's Journal*, 2003 *Java 2* William B. Brogden, Marcus Green, 2001 Java 2 Exam Prep 2nd Edition is the updated and revised version of one of our best selling titles in the Exam Prep series This content rich and highly detailed book gives the reader not only thorough test preparation for the Sun Certified Java Programmer Java 2 exam 310 025 but also serves as a valuable on the job reference The book covers key test content and objectives like learning Java language fundamentals creating **Sun Certified Programmer for Java 2** Syngress Media, Inc, 2000 This ultimate study guide for the Sun Java 2 certification based on 100 000 hours of networking training experience provides accurate coverage of all official certification objectives The electronic version of the text on CD includes hundreds of challenging practice exam questions Also featured are two minute drills exam watch and classroom discussions **Java Report**, 2001 Java 2 Developer Alain Trottier, Ed Tittel, 2003 The fastest way to get certified for the exams CX 310 252A and CX 310 027 This volume contains tips tricks and hints on all the content included in these tests RHCE Linux Kara J. Pritchard, 2000 The RHCE Exam Cram contains all of the updated Red Hat curriculum objectives upon which the RHCE revised exam is based The book provides a summarized resource for the Linux novice or the Unix expert without having to read extensive documentation giving the reader the ability to pass the exam most efficiently **Legal Battles that Shaped the Computer Industry** Lawrence D. Graham, 1999-08-30 A few lawsuits have changed the entire shape of the computer industry as nearly every aspect of computers has come under litigation These courtroom battles have confused not only computer and legal amateurs but lawyers juries and judges too The result has been illogical legal opinions reversals on appeal and an environment in which the outcome of key legal battles is not only unpredictable but could change the industry's direction yet again Graham surveys the past and shows how it points

to the future He illustrates how the absence of statutes specifically protecting software has frequently forced courts to simultaneously create and apply the law Graham covers the whole spectrum of computer hardware and software addressing the litigation that affected each part of the product chain In 23 chapters he cuts through the legalese while still offering enough substance to introduce lawyers unfamiliar with intellectual property law to the evolving legal landscape of this dynamic and contentious industry No prior legal background is required to understand Graham s presentation however The result is a comprehensive and fascinating study of this newest of new century industries and a book that will guide and caution anyone now in it or who expects to be a part of it tomorrow Graham shows how the course of litigation in the computer industry has substantially paralleled the growth of the industry itself Yet while computer law has been an active field it is also an unpredictable one The law governing computers was particularly sketchy prior to 1976 Graham explains when it was unclear whether programmers had any legal rights to the software they developed In 1976 Congress modified the statutes to specify that software was indeed eligible but unfortunately offered little guidance to the courts on how to apply copyright laws to software With each lawsuit the courts added to the sketchy foundation of copyright laws developing the law as they went along Graham shows that because the courts have so often made the law as they applied it many computer related lawsuits had an especially profound impact on the industry By outlining this history of the development of computer law and its effect on the computer industry Graham provides a broad outline of the state of computer law today and a fascinating look at the industry itself

Network Exam Cram Hank Carbeck, Rick Taylor, Derek Melber, 2000 Provides all of the curriculum objectives of the Implementing and Administering a Windows 2000 Network Infrastructure exam 70 216 and serves as a perfect complement to the MCSE Windows 2000 Network Exam Prep Each book includes proven test taking strategies warnings on trick questions timesaving study tips and shortcuts Contains sample questions and practice tests much like the format of the actual exams Cram Fitness Assessments give readers a way to determine how to proceed with certification by analyzing their educational and experiential background and their subject knowledge level in order to make suggestions about preparation and study
