web mar 27 2019 abstract to construct dual frames with good structure for a given frame is a fundamental problem in the theory of frames the tensor product duals of tensor product frames can provide a rank one decomposition of bounded antilinear operators between two hilbert spaces this paper addresses tensor product dual frames

web jan 1 2008 abstract in this paper we prove that the tensor product of two sequences is a frame riesz basis if and only if each part of this product is a frame riesz basis using this result we extend some density and sampling theorems to higher dimensions
