Understanding how the Lishi 2 in 1 tools interact with the locks when picking and decoding

Volume 1

As shown in the photo, a Lishi 2 in 1 tool is inserted into the bottom of the plug and a picking tool is inserted into the top of the plug. The Lishi 2 in 1 tool is used to push the pins up and down to the correct height. The picking tool is used to apply tension to the plug and to feel for the correct pin heights.

Lishi 2 In 1 User Guide:

Reference Guide to Christian Missionary Societies in China: From the Sixteenth to the Twentieth Century R. G. Tiedemann, 2016-07-01 This comprehensive guide will facilitate scholarly research concerning the history of Christianity in China as well as the wider Sino Western cultural encounter It will assist scholars in their search for material on the anthropological educational medical scientific social political and religious dimensions of the missionary presence in China prior to 1950 The guide contains nearly five hundred entries identifying both Roman Catholic and Protestant missionary sending agencies and related religious congregations Each entry includes the organization s name in English followed by its Chinese name country of origin and denominational affiliation Special attention has been paid to identifying the many small lesser known groups that arrived in China during the early decades of the twentieth century In addition a special category of the as yet little studied indigenous communities of Chinese women has also been included Multiple indexes enhance the guide s accessibility

Sowing Kees Mandemakers, George Alter, H el ene V ezina, Paul Puschmann, 2023-08-29 Twenty three major databases containing historical longitudinal population data are presented and discussed in this volume focusing on their aims content design and structure Some of these databases are based on pure longitudinal sources such as population registers that continuously observe and record demographic events including migration and family and household composition Other databases are family reconstitutions based on birth marriage and death records The third and last category consists of semi longitudinal databases that combine for instance civil records and censuses and or tax registers The volume traces the origins of historical longitudinal databases from the 1970s and discusses their expansion worldwide in terms of sources and hard and software The contributions highlight the unique genesis and common developmental arcs of these databases which are rooted in the fields of quantitative history social and demographic history and the history of ordinary people The importance of these databases in advancing knowledge and insights in various disciplines is emphasized and demonstrated along with the challenges and opportunities they face The collection of technical descriptions of these databases represents the most comprehensive and up to date overview of large database with longitudinal micro data on historical populations It includes descriptions of databases from Europe North America East Asia Australia South Africa and Suriname Technical details in terms of data entry cleaning standardization and record linkage are meticulously documented The volume is a must have for all scholars in the field of historical life course studies

Asian Borderlands Charles Patterson Giersch, 2006 With comparative frontier history and pioneering use of indigenous sources Giersch provides a groundbreaking challenge to the China centered narrative of the Qing conquest He focuses on the Tai domains of the Yunnan frontier on the politically fluid borderlands where local indigenous leaders were crucial actors in an arena of imperial rivalry
