Governance of Higher Education in Bihar Sudhanshu Bhushan,2021-05-05 This book presents the state specific dimensions of the governance of higher education in Bihar India based on a real case perspective It discusses the policies of

the center and state governments and their implications on the state's higher education system. It addresses the issues and challenges faced by the higher education sector from the point of view of multiple stakeholders at center, state, university, and college levels while examining influential power centers. The volume focuses on select universities in the state and looks at how they manage policies, schemes, and regulations. It deals with key themes such as the role of state and regulatory bodies such as the University Grants Commission, the balance of power, resource scarcity, the inadequacy of top-down governance models, governance failure, and the autonomy of universities. It explores the conflict between the politics and economics of governance and efficiency, the promotion and recruitment of senior office bearers and teachers, the privatization of colleges, and financing, admission, and examination systems. Through an in-depth study using empirical, unit-level data from the All India Survey of Higher Education, examples, and theoretical frameworks, the book analyzes the reasons for the underperformance of the governance system of higher education in Bihar. It also offers suggestions and policy recommendations to help improve its planning and management via participative and responsible governance and informed institutional leadership. This book will be of interest to students, teachers, and researchers of education, higher education, economics, governance, and public administration and development studies. It will also be useful to educationists and experts, education administrators, policymakers, bureaucrats, and the governing bodies of higher education institutions.

ICT Unbounded, Social Impact of Bright ICT Adoption Yogesh Dwivedi, Emmanuel Ayaburi, Richard Boateng, John Effah, 2019-06-11. This book constitutes the refereed proceedings of the IFIP WG 8.6 International Working Conference ICT Unbounded: Social Impact of Bright ICT Adoption on Transfer and Diffusion of IT (TDIT 2019) held in Accra, Ghana, in June 2019. The 30 revised full papers and 4 short papers presented were carefully reviewed and selected from 72 submissions. The papers focus on Bright Information and Communication Technology, a concept that entails the development of relevant technologies, business models, public policies, social norms, international agreements, metrics of measuring national progress, and preventing undesirable activities on the Internet. They are organized in the following topical sections: technology adoption, diffusion, and ubiquitous computing; big data and business intelligence; smart cities and security; privacy, ethics, and misinformation.
