FOURTH EDITION

THE ESSENTIALS OF C PROGRAMMING

Al Kelley / Ira Pohl

C By Dissection 4th Edition

J Rink

C By Dissection 4th Edition:

C++ by Dissection Ira Pohl, 2002 C by Dissection presents a thorough introduction to the programming process by carefully developing working programs to illuminate key features of the C programming language This book presents the concepts of the programming process using the dissection method the hallmark feature that has made Ira Pohl's C and Java books of the By Dissection series so popular Dissection is a unique pedagogical tool first developed by the author to point out key features of program code It is similar to a structured walk through of the code with the intention of explaining newly encountered programming elements and idioms as found in working code The book includes a CD ROM containing a compiler and an electronic version of the book that allows readers to search take notes and highlight right on their computer Each chapter presents a number of carefully explained programs which lead the reader in a holistic manner to ever improving programming skills Right from the start the reader is introduced to complete programs and at an early point in the book the reader is introduced to writing functions as a major feature of structured programming It contains four to seven small code dissections per chapter and then each chapter culminates with a larger extended code dissection Software Engineering sections in each chapter reinforce sound software engineering skills The book assumes no programming background and can be used by first time computer users or by experienced programmers who are transitioning to C
