Kaufman's New Repertoire for Black and White Larry Kaufmann, 2019-10-29 Seven years after his acclaimed and bestselling The Kaufman Repertoire for Black and White Grandmaster Larry Kaufman is back with his new repertoire book covering the entire scope of chess openings in one volume Two important developments made this new book necessary Larry Kaufman who routinely himself plays the lines he advocates to others discovered that after 1 d4 the recommendation in his previous book it became nearly impossible to show a consistent advantage for White especially against the Gruenfeld and the Nimzo Ragozin defenses The other factor was that chess engines have become so much

stronger in recent years Komodo the top chess engine that computer expert Kaufman helped develop is now able to apply the celebrated Monte Carlo Tree Search algorithm With Komodo MCTS it is now possible to abandon lines that may be theoretically best against other computers and instead choose lines that are likely to succeed in actual practice against strong human opponents Larry Kaufman presents a completely new White repertoire with 1 e4 aiming for an objective advantage in the simplest practical manner You are presented with two options while you don t have to play the sharpest lines The Black repertoire has been thoroughly revised and updated with some crucial chapters replaced Kaufman s New Repertoire for Black and White is the first opening book that is primarily based on Monte Carlo search The highly original analysis has resulted in many improvements on existing theory This is a ready to go and easy to digest repertoire with sound practical lines that do not outdate rapidly and are suitable for masters while accessible for amateurs *Gambit Openings Repertoire For Black* Eric Schiller,1998-03 In most chess games white has the privilege of attacking first but there are ways for black to turn the tables right from the start In this exciting repertoire of gambits black immediately seizes the initiative from White s hands and begins powerful attacks **Chess Openings for Black Second Edition** Lev Alburt,2010-03-30 Every chess player needs a set of openings he can trust Chess Openings for Black Explained gives you a complete repertoire of carefully selected interrelated openings Three time U S champion and master teacher Lev Alburt along with his grandmaster co authors provides everything you need to know to defend with confidence against each and every one of White s first moves This second edition is fully updated to reflect new developments in chess during the last three years thoroughly grounding the player in the grandmaster openings of modern chess teaching you the opening that scores highest against White on a master level Fully illustrated with two color chess diagrams throughout Standard Chess Openings Eric Schiller,1998 The new definitive standard on opening chess play this all inclusive guide covers every important chess opening and variation ever played with an exhaustive total referencing more than 1 000 openings and variations A powerful tool showing the insights concepts and thinking behind each opening this is a serious reference work for both beginning and intermediate players *Unorthodox Chess Openings* Eric Schiller,1998 This inclusive guide to every unorthodox opening used by chess players contains more than 500 weird contentious controversial unconventional arrogant and outright strange openings A powerful part of any chess player s arsenal these tricky tacky surprises fly in the face of tradition 1 000 illustrations and diagrams **Complete Defense to King Pawn Openings** Eric Schiller, Based on the powerful Caro Kann a favorite weapon of great players you ll learn how to come right out of the gate and defend against 1 d4 the most popular first move in chess This is a great beginners book because readers need to learn just one strong opening system and it can be used to combat all of Whites 1 d4 openings You ll learn every option and strategy White can throw on the board the correct plan to combat them all and how to seize the initiative and take control of the game Up to date analysis includes examples from world class games Includes more than 350 diagrams and clear explanations 300 pages **World Champion**

Openings Eric Schiller,1997 A reference work covering the essential opening theory and moves of every major chess opening and variation as played by the world champions The book covers 100 openings in conceptual detail gives insights and explores secrets used by some of the great chess players Gambit Opening Repertoire For White Eric Schiller,1998-03 Chess players who enjoy attacking from the very first move are rewarded here with a powerful repertoire of brilliant gambits that sacrifice an early pawn in return for rapid development and greater control over the center *Starting Out: The Colle* Richard Palliser,2007-06-01 The Colle is a solid reliable system of development based on the popular opening move 1 d4 A major selling point is that although the system is very easy to learn and play it leads to complex exciting middlegame positions where White often launches a violent attack against Black s king The Colle is a particular favourite amongst club players but is often also seen at grandmaster level *Keene on Chess* Raymond Keene,1999 A complete step by step course which shows you how to play and deepen your understanding of chess **How Good Is Your Chess?** Larry Evans,2004-04-01 Grandmaster and Hall of Fame chess legend Larry Evans draws upon his vast experience as 5 time USA champion author of 25 books and Bobby Fischer s second to present a fun and challenging new approach for chess players Readers test their skills against 100 fascinating positions from actual games and must choose the best move among three choices Each correct answer earns the reader 25 points no points are given for incorrect choices At the end of the series players can calculate their own rating be it absolute beginner or even grandmaster In the solutions section Evans carefully explains the proper thinking a player must employ to approach the position and why both alternatives are inferior Readers not only find their true chess level but get a complete course in exactly where they can go wrong The Basics Of Winning Chess, 3rd Edition Jacob Cantrell,2002-06-01 Nine information packed chapters and twenty two diagrams show beginning players how to play and win at chess in one quick and easy reading You ll learn the moves of the pieces the rules and principles of play the standard openings as well as chess notation Cantrell also introduces the basic concepts and strategies of middle and endgame play Victor Boriskoff says For a beginner this is the best chess book on the market Recommended 64 pages Backgammon for Serious Players Bill Robertie,1997 Written by the world s greatest player over the last two decades serious players learn all important opening strategies and replies middle end and back game techniques tournament strategies advanced doubling cube play and fascinating strategy moves Also covers backgammon probabilities and odds unusual plays priming strategy essential bearoff play and more Includes example games from the masters with the thinking behind each move **Chess Life & Review** ,1978 **The British Chess Magazine** ,1990
