Classic Wisdom For The Professional Life:

Classic Wisdom for the Professional Life Bryan Curtis, 2010-05-03 The Professional Life In the simplest of meanings it is the part of your day or week or year or entire life that you spend working to make a living Everyone knows that the way you spend those hours of your day can very easily carry over into every other aspect of your life Do you know someone lucky enough to love what they do to support themselves That happiness pride and satisfaction doesn't just stop when they leave the office It finds its way into their personal relationships and into their community activities Loving your work is the biggest bonus you can give yourself Classic Wisdom for the Professional Life has words of wisdom from some of the world's preeminent business political and cultural leaders Paying heed to one or one hundred of these quotes that really speaks to you can make a difference not only in the way you earn a paycheck now but also in how you forge a career path for yourself Be one of the lucky few who knows that a happy professional life is one huge part of really living the good life

Classic Wisdom for the Good Life Thomas Nelson, 2006-05-28 The good life In its simplest form it is what you wish for those you love and care about as well as for yourself But what is it What's the prescription The truth of the matter is that no doctor can prescribe a pill that will make every heart content But through the words of extraordinary men and women who have achieved a level of greatness we can glean insights into passion dedication and wisdom So for today's astute students of the good life you hold in your hands an admit one ticket a timeless collection of inspiration and wisdom What you go on to do with it is up to you A man who views the world the same at fifty as he did at twenty has wasted thirty years of his life Muhammad Ali It's easy to make a buck It's a lot tougher to make a difference Tom Brokaw Look I don't want to wax philosophic but I will say that if you're alive you've got to flap your arms and legs you've got to jump around a lot for life is the very opposite of death and therefore you must at very least think noisy and colorfully or you're not alive Mel Brooks Anytime you see a turtle up on top of a fence post you know he had some help Alex Haley College is something you complete Life is something you experience So don't worry about your grade or the results or success Success is defined in myriad ways and you will find it and people will no longer be grading you but it will come from your own internal sense of decency Jon Stewart When the heart is right the mind and the body will follow Coretta Scott King My heroes are the ones who survived doing it wrong who made mistakes but recovered from them Bono
