Coleridge Historian Of Ideas:

Coleridge Charles De Paolo,1992 Essays in the History of Ideas Arthur O. Lovejoy,2019-12-01 Originally published in 1948 In the first essay of this collection Lovejoy reflects on the nature methods and difficulties of the historiography of ideas He maps out recurring phenomena in the history of ideas which the essays illustrate One phenomenon is the presence and influence of the same presuppositions or other operative ideas in very diverse provinces of thought and in different periods Another is the role of semantic transitions and confusions of shifts and of ambiguities in the meanings of terms in the history of thought and taste A third phenomenon is the internal tensions or waverings in the mind of almost every individual writer sometimes discernible even in a single writing or on a single page arising from conflicting ideas or incongruous propensities of feeling or taste to which the writer is susceptible These essays do not contribute to metaphysical and epistemological questions they are primarily historical
