EBOOK: College Algebra with Trigonometry Raymond Barnett, Michael Ziegler, Karl Byleen, David Sobecki, 2010-03-16
Barnett Ziegler Byleen and Sobecki's College Algebra with Trigonometry text is designed to be user friendly and to maximize student comprehension by emphasizing computational skills ideas and problem solving as opposed to mathematical theory. The large number of pedagogical devices employed in this text will guide a student through the course. Integrated throughout the text students and instructors will find Explore Discuss boxes which encourage students to think critically about mathematical concepts. In each section the worked examples are followed by matched problems that reinforce the concept being taught. In addition the text contains an abundance of exercises and applications that will convince students that math is useful. A MathZone site featuring algorithmic exercises videos and other resources accompanies the text.

Barnett, 1980 This text is intended for a beginning or elementary algebra course offered at both two and four year schools. Elementary Algebra Structure and Use is an introductory text for students with either no background in algebra or for those students who need review before proceeding further. New accessible four color design and an expanded graphics program make the book more visually appealing and reinforce critical concepts. Student success and anxiety reduction are achieved through a non threatening informal writing style and the use of numerous pedagogical aids e.g. examples with matched problems annotations think boxes new chapter summaries and cumulative reviews. The text is designed to smooth the transition from arithmetic to algebra by gradually developing algebraic concepts manipulations and applications. There are 6 400 graded problems which range from easy and routine to challenging and conceptual. The inclusion of a large quantity and variety of significant and interesting real world applications should convince even the most skeptical students that algebra can be extremely useful.
