Fragments Marilyn Monroe:

Fragments Marilyn Monroe, 2010-10-12 Marilyn Monroe's image is so universal that we can't help but believe that we know all there is to know of her. Every word and gesture made headlines and garnered controversy. Her serious gifts as an actor were sometimes eclipsed by her notoriety and the way the camera fell helplessly in love with her. But what of the other Marilyn? Beyond the headlines and the too familiar stories of heartbreak and desolation was a woman far more curious, searching, and hopeful than the one the world got to know. Even as Hollywood studios tried to mold and suppress her, Marilyn never lost her insight, her passion, and her humor. To confront the mounting difficulties of her life, she wrote. Now for the first time we can meet this private Marilyn and get to know her in a way we never have before. *Fragments* is an unprecedented collection of written artifacts: notes to herself, letters, even poems in Marilyn's own handwriting, never before published, along with rarely seen intimate photos. These bits of text, jotted in notebooks, typed on paper, or written on hotel letterhead, reveal a woman who loved deeply and strove to perfect her craft. They show a Marilyn Monroe unsparing in her analysis of her own life but also playful, funny, and impossibly charming. The easy grace and deceptive lightness that made her performances so memorable emerge on the page, as does the simmering tragedy that made her last appearances so heartbreaking. *Fragments* is an event, an unforgettable book that will redefine one of the greatest stars of the twentieth century and which, nearly fifty years after her death, will definitively reveal Marilyn Monroe's humanity.

Rollyson, 2016-03-25 Some critics rank biographers just above serial murderers The author of this book a self described member of the Samuel Johnson school doesn t share this view An account of a life he believes should adhere to the truth as the biographer sees it not to the sentiments of others This memoir of a professional biographer s life tells the inside story of how he became interested in his subjects and reveals the mechanics of the trade how to assemble proposals for publishers conduct interviews and archival research and joust with editors subjects and their literary estates Other biographers have described their process but remained discrete not wishing to offend their sources and supporters This author has forgone such caution **Fragments of Monroe** Soth Moon, 2013-03 I used to be Marilyn Monroe From inside the looking glass it
