Carmen In Full Score:

Bizet's Carmen - A Full Vocal Score in French and English Georges Bizet, 2016-05-20 Carmen is Georges Bizet's famous opera in four acts first performed on 3 March 1875. The libretto was based on a novella of the same title by Prosper Mérimée and was written by Henri Meilhac and Ludovic Halévy. Unfortunately Bizet suffered an untimely death after the opera's 33rd performance and was consequently unaware of the international success it would come to enjoy. Georges Bizet 1838-1875 was a French composer during the romantic era. He is most famous for his operas and his final composition Carmen which remains to this day one of the most popular and commonly performed works in the entire opera repertoire. Classic Music Collection constitutes an extensive library of the most well known and universally enjoyed works of classical music ever composed reproduced from authoritative editions for the enjoyment of musicians and music students the world over.

Carmen fantasy Pablo de Sarasate, 1997-01-01 Rare selection of classics by a 19th century virtuoso. In addition to the title piece includes Zigeunerweisen Gypsy Airs Habanera Romanza andaluzá and four others. **Arias, Ensembles, & Choruses** John Yaffé, David Daniels, 2011-11-17 Conductors John Yaffé and David Daniels have created a one stop sourcebook for orchestras opera companies conductors and librarians who research and/or prepare programs of vocal excerpts such as solos ensembles and choruses for concert performance. In this book readers will find detailed information on a vast repertoire of vocal pieces commonly extracted from operas operettas musicals and oratorios more than 1 750 excerpts from 450 parent works. Modeled on Daniels Orchestral Music Arias Ensembles Choruses includes basic historical details about each parent work as well as extract titles subtitles voice types keys durations locations in the original work with page numbers in both full scores and piano vocal scores and exact instrumentation. It also lists the publishers that make available the orchestral materials for just the excerpt being programmed independent of the full parent work. Until now conductors and orchestra librarians commonly had to first leaf through full scores searching for one elusive three minute aria after another only to then consult multiple publishers catalogues to compile crucial information on all the excerpts proposed for a concert or recording. This book constitutes a single source for finding that information. In many cases the individual entries include valuable insider information on common performance practice including start and stop points transpositions and conventional cuts. Searching for repertoire is made easy with the detailed title index and appendixes devoted to ensemble excerpts all categorized by personnel e.g. duets trios quartets quintets sextets choruses and language Czech English French German Italian Latin Russian. This book is the ideal tool for the working conductor and orchestral librarian as well as music program directors at colleges and conservatories opera companies and symphony orchestras. As of October 2015 a new printing of this book has occurred to correct errors in the index. A PDF version of the new index is available to previous purchasers of the volume. An Index to Music in Selected Historical Anthologies of Western Art Music, Part 1 Mara Parker, 2019-01-01 An Index to

Music in Selected Historical Anthologies of Western Art Music is the essential reference for music history and music theory instructors for finding specific listings and details for all the pieces included in more than 140 anthologies published between 1931 and 2016. Containing over 5 000 individual listings, this concise book is an indispensable tool for teaching music history and theory. Since many anthologies exist in multiple editions, this Index provides instructors, students, and researchers with the means to locate specific compositions in both print and online anthologies. This book includes listings by composer and title, as well as indexes of authors, titles, and first lines of text for music from antiquity through the early twenty-first century.

Children in Opera Andrew Sutherland, 2020-12-03 This book provides a musicological investigation into operas that include children. Just over 100 works have been selected here for an in-depth discussion of the composer, the children, and the productions, and around 250 relevant works from around the world are also referenced. Four composers who have most significantly proliferated the medium are discussed in even greater detail: César Cui, Benjamin Britten, Gian Carlo Menotti, and Peter Maxwell Davies. Since opera began, it has been inextricably linked to society by reflecting and shaping our culture through music and narrative, and as a result, children have been involved. Despite the contribution they played for several centuries, their importance was overlooked. By tracing the development of children's participation in opera, this book uncovers the changing attitudes of composers towards them and how this was reflected in the wider society. From the early productions of the seventeenth century to those of the twenty-first century, the operatic children's role has undergone a fundamental change. It almost seems that contemporary composers of operas view the inclusion of children in some way as ubiquitous. The rise of the children's opera chorus and the explosion of children's-only productions attest to the changing view of the value they can bring to the art. Some of the children who have characterised these roles are discussed in this book in order to redress the disproportionate lack of acknowledgement they often received for their performances. *Catalogue of the library of The Sacred Harmonic Society.
