Discourse in Organizations and Workplaces

Britt-Louise Gunnarsson

This chapter focuses on discourse in organizations and workplaces and will discuss a number of studies which explore the complexity and diversity of communication in modern working life. The purpose of this chapter is to deepen our understanding of the discourse-related problems facing managers and employees in the globalized economy. In the various sections of the chapter I discuss these problems from different viewpoints. First, I explore the correspondence between organizational structure and discourse at a more general level, where I use examples from analysis of small
