Whether SAP event management is a type of track and trace instrument or not.

Outsourcing and Third Party Logistics Janina Bohling, 2013-11-22 Essay from the year 2013 in the subject Business economics Supply Production Logistics grade 1 Heriot Watt University Edinburgh language English abstract The process of globalization and the removal of barriers to international trade have led to an increased importance of Supply Chain Management for most businesses involved. To remain competitive there is a need for all partners within the supply chain to collaborate and communicate. Zacharia et al 2011 Christopher 2011. These two requirements together with the creation of efficiency in all processes involved an increased concentration on core competencies and the outsourcing of certain functions can enhance the competitiveness and the service level of a company as discussed by Christopher 2011. According to Bolumole 2003 there exists an imbalance between what companies seek to achieve and what they are able to perform in-house. Therefore the rationale for outsourcing to third party increases. Bolumole 2003 p 93. This assignment will illustrate the development of third party logistics companies 3PLs from the initial outsourcing to a collaborative partnership in supply chains today. The essay will be divided into three parts: development of 3PL drivers for outsourcing as well as outsourced activities and how these add value to businesses.

Supply Chain Management William Y. C. Wang, Michael S. H. Heng, Patrick Y. K. Chau, 2007. In the current business landscape many business firms compete in one project and cooperate in another related project and they do so at the same time. Even more interesting is that certain members of these firms are involved in both projects. This book examines this new business landscape.
