

Introduction to Object-Relational Database Development

Overview

This book describes the *Object-Relational Database Management Systems (ORDBMS)* technology implemented in the *INFORMIX Dynamic Server (IDS)* product, and explains how to use it. This first chapter introduces the basic ideas behind object-relational, or extensible, DBMSs. It is intended as a road map to guide readers in their own exploration of the material.

We begin with a little historical background explaining the motivation behind an ORDBMS product such as IDS. At this early stage of the book, it is enough to say that ORDBMS technology significantly changes the way you should think about using a database. In contrast with the more byte-oriented *Relational Database Management System (RDBMS)* technology, an object-relational database organizes the data and behavior of business objects within an abstract data model. Object-Relational query statements deal with objects personal name, part, code, polygon and video, instead of INTEGER, VARCHAR or DECIMAL data values.

Introduction To Object Relational Database Development

Victor M. Corman

Introduction To Object Relational Database Development:

Unveiling the Power of Verbal Artistry: An Emotional Sojourn through **Introduction To Object Relational Database Development**

In a world inundated with screens and the cacophony of instantaneous transmission, the profound energy and mental resonance of verbal artistry often fade in to obscurity, eclipsed by the regular barrage of noise and distractions. However, set within the musical pages of **Introduction To Object Relational Database Development**, a fascinating function of fictional beauty that pulses with fresh emotions, lies an wonderful trip waiting to be embarked upon. Written by a virtuoso wordsmith, this exciting opus courses viewers on an emotional odyssey, lightly exposing the latent potential and profound impact embedded within the intricate internet of language. Within the heart-wrenching expanse of this evocative analysis, we will embark upon an introspective exploration of the book is main styles, dissect its interesting writing style, and immerse ourselves in the indelible effect it leaves upon the depths of readers souls.
