New Orleans Style and the Writing of American Jazz History Bruce Boyd Raeburn, 2026-02-16 New Orleans Style tells the tale of the recognition of New Orleans jazz as a discrete style and how that recognition affected the writing of American jazz history The men and women who participated in the awakening of American jazz scholarship were partisans of a community of hot record collectors whose interest in the origins of jazz was a foregone conclusion As an international network of these collectors took shape between the 1920s and 1934 they provided a mechanism for the circulation of historical information on jazz which then became the basis for the emergence of a jazz literati writing for magazines such as Down Beat Esquire the New Republic and Jazz Information It was not until later that writers like Charles Edward Smith and William Russell inspired by their love for the music and emphasizing New Orleans style explained in works such as *Jazzmen* 1939 and *The Jazz Record Book* 1942 that jazz was born in New Orleans Raeburn traces the conceptualization of jazz history derived from *Jazzmen* to jazz's ultimate refuge in New Orleans and its integration into the cultures which it celebrated The result is an essential work of jazz criticism that will fill a major gap in the field's literature **Jazz** Ronald Atkins, 1995 *The Best Chord Changes for the Most Requested Standards* Frank Mantooth, 1990
