Tales From Country Music Gerry Wood, 2012-02-29 Follow Gerry Wood on his journey with country music's biggest stars featuring Dolly Parton, Willie Nelson, Shania Twain, and many more familiar names in the industry. *Tales from Country Music* will take you backstage and behind the scenes with some of your favorite country music singers. ***The Hellraiser Films and Their Legacy*** Paul Kane, 2015-05-07 Best-selling horror novelist Clive Barker's 1987 film *Hellraiser* has become an undisputed horror classic, spawning a movie franchise that to date includes eight films. Exploring not only the cinematic interpretations of the *Hellraiser* mythos but also its intrusion into other artistic and cultural forms, this volume begins by identifying the unconventional sources of Barker's inspiration and following Barker from his pre-*Hellraiser* cinematic experience through the filming of the horror classic. It examines various themes such as the undermining of the traditional family unit and the malleability of the flesh found throughout the film series and the ways in which the representation of these themes changes from film to film. The religious aspects of the films are also discussed. Characters central to the franchise and the mythos are examined in detail. ***The Spectre of Sound*** Kevin Donnelly, 2019-07-25 This book is a major new study dealing with notions of film music as a device that desires to control its audience using a most powerful thing: emotion. The author emphasises the manipulative and ephemeral character of film music, dealing not only with traditional orchestral film music but also looking at film music's colonisation of television and discussing pop music in relation to films and the historical dimensions to ability to possess audiences that have so many important cultural and aesthetic effects. It challenges the dominant but limited conception of film music as restricted to film by looking at its use in television and influence in the world of pop music and the traditional restriction of analysis to valued film music either from name composers or from the golden era of Classical Hollywood. Focusing on areas as diverse as horror, pop music in film, ethnic signposting, television drama, and the soundtrack without a film, this is an original study which expands the range of writing on the subject. ***Encyclopedia of Video Games*** Mark J. P. Wolf, 2021-05-24 Now in its second edition, the *Encyclopedia of Video Games: The Culture, Technology, and Art of Gaming* is the definitive go-to resource for anyone interested in the diverse and expanding video game industry.
